WEEK OF
NOV. 18, 1946

EVERY ONE OF OUR BRASS RAIL RESTAURANTS IS PROFITING BY DISPLAYING WURLITZER'S *Sign of The Musical Note"*

. . . JOSEPH A. DOLMOVICH, *Sec. and Treas.*
BRASS RAIL RESTAURANT COMPANY

Exterior of one of ten Brass Rail Restaurants in Pittsburgh, Pa. Note Sign of the Musical Note on door.

Interior of Brass Rail unit showing Sign of the Musical Note prominently displayed on back bar.

Pittsburgh Restaurant Chain Felt Effects of WURLITZER'S National Consumer Advertising at Once!

Says Joseph Dolmovich of Pittsburgh's Brass Rail Restaurant Company, "So far as we are concerned, Wurlitzer's National Consumer Advertising is working 100%. We were delighted to tie into it by displaying the *Sign of the Musical Note.* We felt the effects at once. Every one of our Brass Rail Chain is profiting immeasurably by this powerful program."

Everywhere, Wurlitzer location owners report that Wurlitzer's *Sign of the Musical Note* attracts more patrons who stay longer, spend more for everything they have to sell while enjoying Wurlitzer Music. And everywhere, Wurlitzer Factory-Approved Music Merchants report, thanks to the job Wurlitzer's national advertising is doing for Wurlitzer locations, it's easier than ever for them to get and hold the best spots.

The Rudolph Wurlitzer Company,
North Tonawanda, N. Y.

MUSICAL FUN FOR EVERYONE

WURLITZER PHONOGRAPH MUSIC

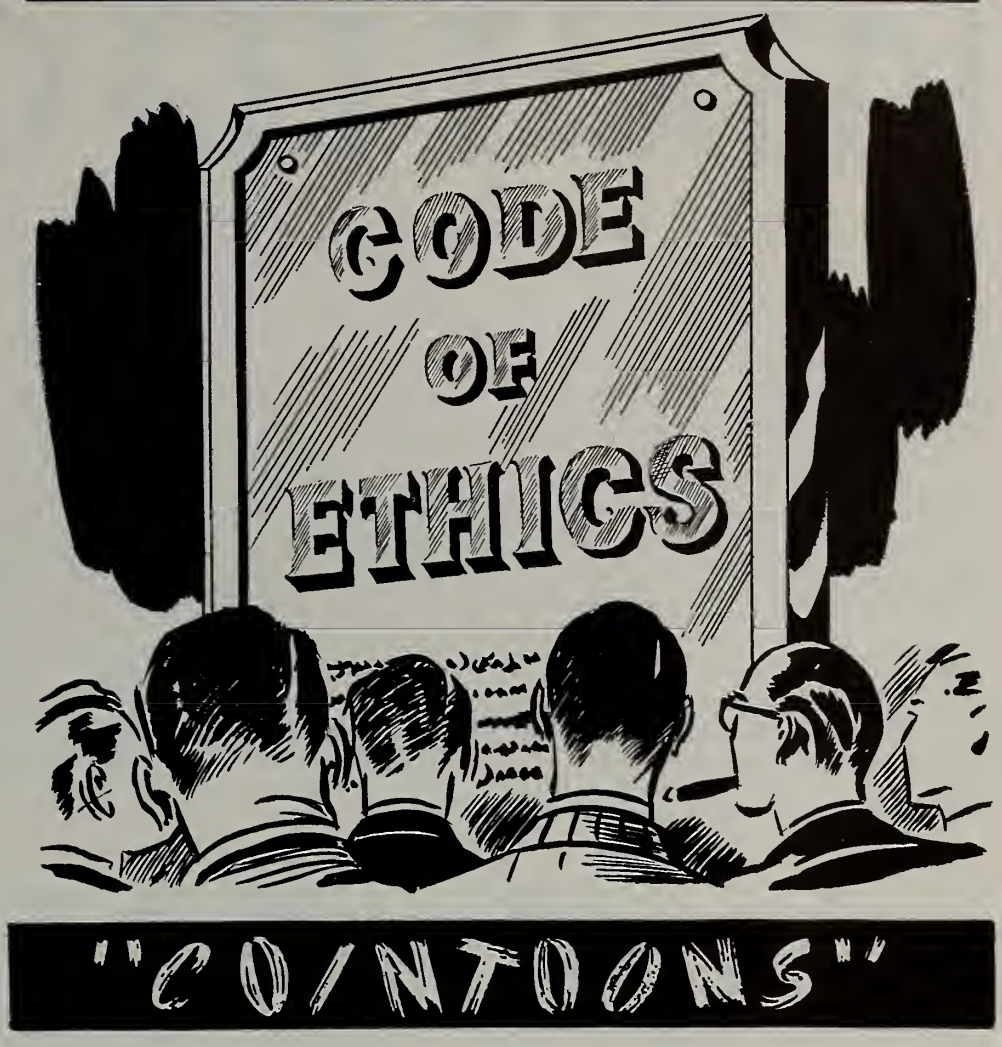
A Code Of Ethics



"COINTOONS"

By Bill Gersh

The other day a noted coinman mailed us a copy of a newspaper item whereby the Outboard Motor Manufacturers Association announced that they had formulated a "code of business ethics which holds each member of the industry to a progressive policy, dedicated to the welfare of both employees and customers, and denouncing deception of any type", and had been signed by all the members of this organization.

This story also read, "The agreement had been signed, it was pointed out, at a time when the industry has just completed its best year in history. During the fiscal year ended September 30 it produced 203,000 motors, 24 per cent more than the production of 1941, its record pre-war year."

The item also stated that the industry had set as its goal, "production during 1947 of 500,000 motors". But, what was most important to this coinman (and probably as equally important to all other members of this industry) was the fact that the outboard motor manufacturers had seen fit to come together and sign a code of ethics which included all their members, employees, customers and others connected, in any fashion whatsoever, with their business.

"This", this coinman pointed out, "is what I hope, and I'm sure, all others hope, will happen in the coin machine industry. This is the time, while our production hasn't as yet caught up with the demand, for all the manufacturers, distributors, jobbers and operators to get together and arrange for a code of ethics for this industry."

Of course, this coinman doesn't know that what might be termed "a code of ethics" has already been instituted as far as the "advertising" of the industry is concerned—in a meeting between the Chief of the Public Relations Bureau, members of the Board of Directors of Coin Machine Industries, Inc., the trade press and the industry's advertising agencies.

But, there should be a "code of ethics" arranged for and signed by all members of this trade—now. Whatever went on before should be regarded as "past history" and a "new world" should be opened to this industry.

During the war, *The Cash Box* asked and received a signed "pledge" from all dealers in machines to continue to sell equipment only "as specified". This met with hearty approval from all the trade. It was acclaimed by operators, jobbers and distributors. It proved that the industry wanted to have such "ethics" as a signed and definite part of its makeup. Therefore, the request that a "code of ethics" be placed into effect for the industry "to meet the new type conditions now existing in the field" is something which should be heeded by all the component units of this field.

Now that a "Public Relations Bureau" has at last come into being in this field, as far as the Coin Machine Industries, Inc. is concerned, it should be immediately followed with something which will keep the trade itself tightly drawn together. And the best mehod, so it seems, would be first, the presentation and adoption of a "code of ethics" for all members of the industry — whether engaged in operating, buying, selling manufacturing or supplying — merchandise vending machines, amusement devices, automatic music equipment and service machines.

There will be a great many problems arising when production gets going full blast once again. Operators fear that when this time does arrive they will be faced with changing of models at such a rate that they will not be able to amortize cost of one set of equipment before they will be forced to purchase another. This should be taken into consideration by any group designated to write a "code of ethics". This group should also consider the varied and many factors regarding general sales and operating.

The time has arrived for this industry (by the use of a "code of ethics") to back up the public relations program which will be instituted so that national uniformity of effort will result and the trade will be able to drive ahead, without obstacles in its path, to its greatest and most progressive years.

HOW TO GET TAXED!

NEW YORK—*The Cash Box* reported in its October 28 issue the fact that Thomas B. Hungerford, reported to be an "official" of NAMA (National Automatic Merchandising Association) had released a story to the press advising that vending machine operators were grossing $500,000,000 per year. (One of the newspaper clippings is reproduced on this page.)

Since then, many coinmen who also operate vending machines, and who are not members of the NAMA, (NAMA has about 700 members) have asked *The Cash Box* whether Mr. Hungerford realized that these statements always brought taxation upon all in this industry?

The Cash Box isn't acquainted with Mr. Hungerford, nor does it know how long he has been engaged in the business of coin operated machines, but, *The Cash Box* does know that every village, town, city and state in the nation is today seeking more and more sources for revenue.

In fact, the city of Bellingham, Wash., this past month, approved an ordinance taxing all types of coin operated vending machines $100 per year. If there were any protests in this city, a copy of this news release would confirm and convince this city's officials that they had not overcharged the vending machine operator.

Furthermore, and as is well known, there are many noted organizations which have entered into the vending machine business with the thought of giving complete receipts from the gum and other machines they are sponsoring to their own charitable causes. Should they, too, read this release they are, without any doubt, going ahead even further than at present to see to it that they place even more vending machines in their communities.

So far the vending machines, because they are only steel boxes used for the sale of merchandise, have more or less escaped heavy taxation. Their emergency selling has proved beneficial to a great many people. But, by the same token, if the vending machine operator is "grossing $500,000,000 in business yearly"—then what is to prevent those anxious city fathers from also taxing these units (just as they tax all coin operated equipment, and just as heavily) to obtain sorely needed revenue?

Perhaps Mr. Hungerford believes that by mentioning the fact that he does not mean "juke boxes, pinball games or slot machines" these tax makers will avoid his type of coin operated machine. If he does, he is sorely mistaken, in the view of this publication.

If drug and cigar stores, and other types of merchandise establishments, are being forced to pay heavier and still heavier local taxes to continue in business—what is to prevent these merchants from yowling their heads off (like was done in the city of Chicago) as to the vending machine operators also paying greater taxes to continue in business?

Does Mr. Hungerford know that in the very city where NAMA held their last convention (Chicago) no cigaret machines are operating for the simple reason that the officials of this city believe that cigaret machines are no different from stores selling cigarets and should pay the same license fee.

We do know that NAMA has a "public relations bureau" of its own at work to help dignify and gain greater recognition and prestige for this division of the coin machine industry. Surely, these officials of the NAMA public relations bureau did not release such statements to the press without thinking what this might mean to the average operator in some small town when this release broke there? And just as surely, these public relations officials should be told by these vending machine ops how hard they have had to fight to keep themselves from being taxed out of business — as has happened in the past.

We do note that Mr. Hungerford covered his division of the field with the statement that vending machines supplement retail sales and do not compete with the retailer. This is questionable—as Mr. Hungerford will learn should he call on any retailers selling the same items as do vending machines. There is no tobacco store that feels cigaret machines are not competitors. And most tobacco stores pay a pretty stiff license fee to do business.

For the good of the entire industry—not just vending machines—the NAMA public relations experts should more carefully review any and all items released to the nation's press.

Half Billion Grossed In Vending Machines

By the United Press.

CHICAGO, Oct. 21.—Operators of automatic vending machines, which dispense merchandise, not entertainment, were told today that they were grossing $500,000,000 a year and had become big business.

The estimate, admittedly only that because of a lack of complete data from trade sources, was released by Thomas B. Hungerford, an official of the National Automatic Merchandising Assn. in convention here.

"This figure is for vending machines," he emphasized. "Our members do not operate juke boxes, pinball games or slot machines.

"The new automatic vendors will be supplementary and not competitive to regular retail sales," Mr. Hungerford said. "People can drop a coin in a slot and obtain groceries and other necessities after sales personnel have left.

FROM "SCREECH BOX TO JUKE BOX"

Press Gives Big Boost to Juke Box Industry

PORTSMOUTH, O.—The "Times" of this city went all out this past month to give the nation's juke box industry one of its greatest boosts.

Reproduced here are two pictures which appeared along with full page of pictures and which were captioned, "The original juke box made its appearance in 1880. It was a far cry from today's multi-record machines. Invented by Thomas Edison, these early gramaphones used wax cylinders and articulation was so poor it was necessary to provide tubes for listeners. The 'screech boxes' were in penny arcades, a coin reproducing a tune.

"Modern juke boxes", this paper continues (as in the lower photo), "use up 24 records every two weeks. Americans dropped 4,640,000,000 nickels into their slots last year. Juke boxes gave new life to the phonograph by emphasizing the advantage of being able to play your favorite tune, fathered 143 separate record manufacturing companies. Last year paid Bing Crosby, juke box favorite, $400,000."

This paper also reported, in this same full page, that, "The sale of records dropped in the United States to a low of 10,000,000 in 1932 when radio threatened to make the phonograph as obsolete as the shaving mug. But last year, despite shortages of materials, 156,000,000 records were purchased by music-minded Americans. Next year sales are expected to soar to 225,000,000."

This paper continues, "Eighty percent of the records sold today are popular music. Folks hear them in the juke boxes and then rush out to buy them. There are only about 22,500,000 home phonos—11,000,000 less than there were 20 years ago—but unfilled orders for new machines indicates that there will be 112,000,000 record players in this country in a year or so. Similarly, there are only 400,000 juke boxes in the United States today. But another 1,000,000 will be blaring out jive very soon."

Once again the juke box industry has been given a grand send-off by the press—all adding up to the great and prominent future this Automatic Music Industry of America faces.

WHAT PRICE MACHINES?

Foresee No Return to Pre-War Prices. Adjustment May Be Reached By End of '47. Prices Will Be Double Pre-War. Means New Commission Basis Must Go Into Effect To Assure Continued Profitable Operating.

CHICAGO—As this confusing manufacturing era gradually draws to a close—there can at last be foreseen that no longer will there be a return to pre-war prices for any type of coin operated equipment.

In the first place, as one noted manufacturer explained, pre-war machine prices were much too low of themselves. This was brought about by the fact that the machines were being manufactured during the greatest depression in the history of this nation and the parts manufacturers were, in many cases, actually selling at a loss simply to help continue their factories in operation. Therefore, even prices of around $300 and $350 per phono were much too low, were all other surrounding conditions normal.

Now that labor has won so many wage victories (which, as all business men realize, labor will no longer relinquish) a much higher living standard has been created for the nation as a whole. This will have its effect on all future manufacture.

In short, with wages remaining at, or near, their present level—machine prices must adjust themselves to a level which will be at least twice what they ever formerly were. And this figure is given with thought only to the fact that labor's wage prices will not increase anymore than they have at present.

Therefore, an entirely new era is in the making for the coin machine industry. Those coinmen of older vintage will simply have to readjust their present conception of how to operate profitably. They will have to make changes as have been recommended time and time again by *The Cash Box* in the past four and a half years.

Today, it is accepted all over this nation, that *The Cash Box* suggestion that the operator obtain better than 50% of the gross intake from his equipment—is an *absolute necessity.*

The operator, by cutting down his locations to 25% commission and more intelligently merchandising his equipment—will have the one and only chance to exist in this new era of higher wages and overhead costs.

Many are therefore of the belief that to insure profitable operating of much of the equipment of the industry there will have to be adopted one of the methods suggested to the trade by *The Cash Box*—either 1% or 2% of the gross cost of the equipment installation each week as a front money guarantee and the balance to be divided between operator and storekeeper on a 50%-50% basis.

Or, as some are already practising, obtaining on contract (for at least a two year period) $10 or $15 front money guarantee—the balance of the gross receipts to be divided on an equal basis.

Then, of course, there are many who insist that to cut the location owner down to 25% or 30%—10c play will have to be instituted so that the location owner will receive practically as much on this 25% or 30% as he ever did formerly on 50%.

But, whatever method the coinman adopts, he will have to put some new commission basis into being and do so immediately. This is the one and only way in which he can equalize and adjust his present business to meet with the changed conditions which have come about in the business world.

With machines selling for around two times that of pre-war days then he needs twice as much as he did pre-war to maintain himself in a profitable business.

Such being the case—and on which all leading economists are already agreed—there is no time to be wasted.

The general belief is that all material shortages will have adjusted themselves by the third quarter of 1947. After that manufacture will return to a more normal output. This means, that as the manufacturer begins to roll equipment into the market, the operator must protect himself by arranging for a commission basis which will, 1) offset loss and which will, 2) forestall competition from new blood.

His only answer is a better commission basis with the location and placing the retailer on an ironclad contract as the new commission percentage is arranged.

WHO'S LEADING?

As our First Annual Poll of the Automatic Music Industry of America, goes into its final week, music operators from coast to coast are swamping us with voting cards. Congratulatory messages applauding The Cash Box for its work in bringing this poll to the fore have been received from artists, columnists and operators alike. Eddy Howard's "To Each His Own" moves into the number two slot this week, nosing out Frankie Carle's "Oh What It Seemed To Be", for the Best-Money-Making Record of 1946. Again Eddy Howard seems to be holding his own in the Best Orchestra position. Bing Crosby has moved ahead of Perry Como in the Male Vocal Division. The Dinning Sisters and The King Cole Trio are rapidly gaining on the Mills Brothers. "Sioux City Sue" by Bing Crosby takes the lead in the Western Division. Johnny Moore's "Three Blazers" hold their own in the Race Record Section, although Louis Jordan's "Choo Choo Ch'Boogie" has narrowed the gap.

BEST MONEY-MAKING RECORD OF 1946

	No. of Votes
"The Gypsy"—Ink Spots (Decca)	72,595
"To Each His Own"—Eddy Howard (Majestic)	49,535

THE CASH BOX Record Reviews

"Anybody's Love Song"
"Uncle Remus Said"
TEX BENECKE WITH GLENN MILLER ORCHESTRA
(RCA-Victor 20-2017)

● Peg "Anybody's Love Song" as a romantic ballad with lots of promise to catch coinage. As done here by the Miller ork, however, the treatment in both vocal and instrumental departments doesn't make most of the number's possibilities. Artie Malvin, who did the vocal, just doesn't have the range to carry the side at its best. Flipped, the crew offer "Uncle Remus Said", from the click Disney flicker "Songs Of The South." As a result the number gets heavy plugging, so this version, souped up for the phono trade, should catch action and moola. Tex, Lillian Lane and the vocal group combine to deliver the cute lyrics.

"It's All Over Now"
"If I Had You"
CONNIE HAINES
(Mercury 3034)

● Two good melodies are coupled here to get soft, intimately styled treatment from Connie Haines, and what comes up is a platter worthy of consideration as a "support" item. Connie has what it takes to sell a song, and she sells this pair. The trade should be familiar with "It's All Over Now" and "If I Had You", and if you still have a place for them, give Connie's versions a hearing. The usually capable Mannie Klein is on hand to provide very danceable instrumental support.

"He's Just My Kind"
"It's A Good Day"
PEGGY LEE
(Capitol 322)

● Peggy Lee goes soft and sultry to come up with this passionate blue ballad called "He's Just My Kind." Cut from the same pattern as the famed "My Bill," which the late Helen Morgan chanted into the nation's memory, this side delivered by Peggy has a place in your more subdued, more intimate spots, and should net strong play from the ladies at the bar. Flipped, Peggy builds a much gayer spirit as she offers "It's A Good Day", and, where the younger sports gather, the side should draw. on both decks, the Dave Barbour orchestra deliver well.

"From Now On"
"Love Me Now"
TEX RITTER
(Capitol 327)

● Music ops with spots where they like a few platters delivered in Western style might do well to examine this pair of sides by the popular Tex Ritter. Done with lots of strings and a lump in Sitter's throat, the platter offers a pair of sad ballads with "From Now On" and "Love Me Now." Neither of the melodies could be termed "unusual". On the whole, they're stock stuff, but where they like Ritter (and that means lots of places) our money rides with "From Now On."

DISK O'THE WEEK

"A Gal In Calico"
TONY MARTIN
(Mercury 3035)

TONY MARTIN

● Picked as a joiner to the top moneymakers for the trade is this latest disking by Tony Martin, titled "A Gal In Calico." Put together as a western, Tony comes thru to give the sock melody and sock lyrics a sock delivery fit to stop locations cold from coast to coast. Helping out on the vocal end are the capable Starlighters, while the Al Sack orchestra provide a magnificent musical stage so that the lyrics can be handled to their best advantage. Flipped, Tony offers "As You Desire Me," a good romantic ballad which he delivers with lots of intimate styling. By all means latch on to this platter. It's good for you.

"My O'Darlin', My O'Lovely, My O'Brien"
"Oh, But I Do"
MORTON DOWNEY
(Majestic 1085)

● At last! At last Mort Downey has come along with a side with which the trade can net heavy coin. And it's all because Mort has chosen to do the kind of number his top tenor voice can handle best, an Irish-type melody. It's "My O'Darlin', My O'Lovely. My O'Brien" that Mort gives us, and as a sweet bit o' love song right for the spots where sons o' the green gather, you should do big things with this one. Flipped, Mort comes up with "Oh, But I Do," a very strong melody, but it's questionable whether the Downey treatment does much for it so far as the trade is concerned. If he'd just come along and deliver some more musical bits from the sod St. Patrick made famous, he could really build himself a rep on the phonos.

"Life Can Be Beautiful"
"Hold Me, Hold Me, Hold Me"
VAUGHN MONROE ORCHESTRA
(RCA-Victor 20-2015)

● Deep-voiced Vaughn Monroe (who has a well established following in the trade) delivers a very pleasant romantic ballad in this version of "Life Can Be Beautiful," that's suitable either for dancing or listening spots. You can't expect to set the box afire with it, but it's a dependable piece of melody to support your top attractions. Flipped, Vaughn and the Moon Maids combine to warble a bit of novelty labeled, "Hold Me, Hold Me, Hold Me." Done in tempo that's slow enough so the boys behind the bar won't go mad listening to it, the side still doesn't rate any more favorable comment than "dependable."

"The Christmas Song"
"When You Trim Your Christmas Tree"
LES BROWN ORCHESTRA
(Columbia 37174)

● Here's the Les Brown version of "The Christmas Song" (as done by the King Cole Trio it was picked by *The Cash Box* as a recent "Disk O' The Week"), and one thing's sure: it's a top number. Given a light instrumental touch by the Brown crew, vocalist Doris Day gets the spotlight all through the spinning, and her performance is better than capable. By all means give it a listening. Flipped, the crew offer a good support side for the Yuletide Season with "When You Trim Your Christmas Tree." Heavy as a romantic ballad, action should be strong during the holiday weeks. Handling the vocal department — and very well, too — is Jack Haskell. The number should go especially well in the dance locations.

"Sweet Man Blues"
"Sleepy Baby Blues"
JESSE PRICE ORCHESTRA
(Capitol 326)

● One for the "race type" locations where they like 'em in the Cousin Joe style is this offering by the Jesse Price Orchestra, labeled "Sweet Man Blues." Done to a really slow beat, Jesse delivers the talkin'-cryin' vocal and turns in a top notch performance. They won't hear this tale of the "sweet man" who offers his lovin' for sale by listening for it on the radio, but, if you have the spots for it, you can net strong play by placing it on your phonos. Flipped, Jesse does "Sleepy Baby Blues," a side done to a strong beat, but differing little from the many "race type" blue that continue to make an appearance. Worthy of attention is the fact that the Price crew can do a top flight instrumental.

"It's Anybody's Love Song"
"A Rainy Night In Rio"
SAM DONAHUE ORCHESTRA
(Capitol 325)

● Music ops would do well to latch on to this latest pair of sides by the Sam Donahue Orchestra. They're sure to net strong play. For the romantic side they do a neat job with "It's Anybody's Love Song," one of the better ballads to be making an appearance, and Bill Lockwood's vocal is better than effective. Flipped, Sam the saxophone man, puts down his sax and his baton to warble the catchy, latin "A Rainy Night In Rio," from the flicker, "The Time, The Place, And The Girl." The work contributed by the crew is worthy of lots of orchids and demonstrate lots of the stuff from which top 'o the league orks are made.

THE CASH BOX Record Reviews

"Huggin' And Chalkin' "
"I May Be Wrong But I Think You're Wonderful"
HOAGY CARMICHAEL
(Decca 23675)

● Hoagy Carmichael's fans (and they're legion) should go heavy for this latest novelty offering, "Huggin' And Chalkin'." As Hoagy does it, it's really funny. And, what's more it's a number just right for his talents. Hear it. Helping him out on the vocal end are The Chicadees, and they give the side little. It's a Hoagy vehicle and he should have driven it solo. But don't let that stop you. It won't stop the customers. Flipped, Hoagy offers his own arrangement and styling of "I May Be Wrong But I Think You're Wonderful." It's not the money-making deck for us. It's just pleasant because Hoagy's on it. The Vic Schoen Orchestra are in the instrumental department.

"She's A Trucking Little Baby"
"Screaming And Crying Blues"
BLIND BOY FULLER
(Columbia 37155)

● Blind Boy Fuller, a unique performer, should find a good reception in Southern out-of-the-way locations. Doing the entire side as a single, Fuller beats a pleasant rhythm out of his guitar as he offers the very "race type" lyrics to "She's A Trucking Little Baby," a simple ditty but with wide appeal for less sophisticated customers. Flipped, Fuller comes up with "Screaming And Crying Blues," a slow blues ballad which he sells strictly for the same trade as the other deck. If you operate in the South and have "race type" spots in very small towns, than give the platter a hearing.

"Take Your Big Hands Off"
"He's Got A Punch Like Joe Louis"
"Don't Want No Man That's Lazy"
"Your Bread May Be Good But It Ain't As Good As Mine"
ALBERTA HUNTER
(Juke Box 510-511)

● Backed by an effective quartet, deep voiced Alberta Hunter has here done four sides for the "race type" locations in her familiar blue ballad style. Delivering lyrics on all of them that border on the purple, her manner of presentation will have a heavy call in but a limited number of locations. Her singing hasn't got rhythm as it's known, she just sort of lets the lyric rest on the instrumental backing, and then she takes it for a ride. That's great stuff for personal appearance work, but how it would go on wax is something else. At any rate it's worthy of a try. Every side of the two disks are good in themselves; if they're good for the phonos is a 64 dollar question. Cause if they are, the payoff should be the big payoff. Just spot 'em very carefully—and Maybe.

SLEEPER OF THE WEEK

"Oh, But I Do"
MARGARET WHITING
(Capitol 324)

MARGARET WHITING

● "Oh, But I Do", as introduced here by Margaret Whiting, sounds like a big one for the trade, and considering that it'll get very heavy plugging thru its inclusion in the motion picture "The Time, The Place And The Girl," you can expect the phonos to start ringing heavy with the number once it gets a chance to get around. A top romantic ballad in its own right, with enough trick lyrics to qualify as a novelty as well, Margaret treats the number with all the skill she's noted for, and sells every phrase in her vocal with loads of expression. By all means, hear it. Flipped, she offers "Guilty," a fine ballad that's made better by what she does with it, but not quite in the class with her topside. The Jerry Gray orchestra provide melody that should be found welcome in the dance spots as well as to serve as a neat backdrop to the Whiting performance.

" 'Twas Only An Irishman's Dream"
"I Love A Lassie"
ANDY HAYES & STEPHEN FALLON
(Celtic 1011)

● Here's a side for your spots where the lads from Erin gather. Tabbed " 'Twas Only An Irishman's Dream," it's not an import but a number that was undoubtedly composed here. Still, the tenor voice of Andy Hayes does do well by it, and he, supported by the Killarney Quartet, does stir up "that old feeling" for County Cork. Peg it to the right locations and they'll contribute for it in abundance. Flipped, the disk becomes a treat for the customers seeking reminders from the land of the Bonnie downs. "I Love A Lassie" should be well remembered by lots of Scotsmen, and as performed by Stephen Fallon with plenty of burr, the ditty should reap heavy coin. By the way, it may be wise to make note of the fact that in neighborhood locations, Scots and Irishmen are not noted for gathering at the same pubs. Bear that in mind when placing the sides.

"I've Got My One Way Ticket"
"Dust On The Bible"
BAILES BROTHERS
(Columbia 37154)

● In demand by a limited number of ops and phonos is this platter by the Bailes Brothers who have a specialty in offering old time singing and playing. Both on "I've Got My One Way Ticket (To The Sky)" and "Dust On The Bible", the boys perform what might best be called hillbilly spirituals, since the numbers are based on a religious message and their style of singing and playing suggest that. With this material they turn in an adequate performance. If you have the audience give the sides a listening.

"Jesus Is Here Today"
"Jonah"
SISTER ROSETTA THARPE
(Decca 48013)

● A big favorite in the Southern "race type" counties, and many other spots as well, is Sister Rosetta Tharpe, and this disk shows why. Offering "Jesus Is Here Today" and her own arrangement of "Jonah," Sister Tharpe offers spirituals in a very modern manner that's easy to take as top entertainment as well as moral advice. In addition, the Sam Price Trio provide an instrumental background to her efforts that net them heavy applause in musicianship. If you have the locations, peg this platter as another Sister Tharpe disk to give to your customers.

"Good Morning Heartache"
"No Good Man"
BILLIE HOLLIDAY
(Decca 23676)

● A slow paced blue ballad, "Good Morning Heartache", is offered here by the famed Billie Holliday, and it's an item worthy of consideration by ops with "race type" locations. It's not the best composition she has worked with by far, but, because it's Billie who does it, don't fluff it off. You can't ever tell with that gal. Flipped, Billie comes up with "No Good Man," and that's lots better material for the phonos, than the topside so far as we're concerned. Once again she gives it the slow, blue treatment. Hear it. And when you do note the top instrumental backing

"White Christmas"
"Jingle Bells"
FRANK SINATRA
(Columbia 37152)

● No music op need be advised on "White Christmas." A consistent moneymaker since it first appeared, the number should score thru the Yuletide Season once again. As for this Frank Sinatra version, it's good, and the lush musical background provided his warbling by the Alex Stordahl Orchestra is good. As to whether you should buy this version instead of any of the many others to be had, you know your route so you know best. On the backing, Frank does the very familiar "Jingle Bells," and on this side the Ken Lane Singers provide him with neat choral effects.

BYRDE'S EYEVIEW 'ROUND THE WAX CIRCLE

by Byrde Gore

Some very big doings are expected from Majestic Records headquarters come December One. But Sales Chief Lou Suritz isn't saying a word about it, nor is Les Kramer, the label's genial press head. All they want to talk about is Ray McKinley's "Hoodle Addle" . . . From Apollo Records comes the report that next week is the time when they very proudly introduce a lad they modestly describe as "sensational." His name is Hal Winters, and he's a tenor. Irv Katz, who's in charge of vending the label, told us that several New York music ops are pledged to give the lad an opening and introduction via their equipment, and when they do it's "gonna be terrific" . . . By the way, when it comes to superlatives, our dough says the record makers can make the motion picture boys sound bashful.

* * *

Capitol Records is now issuing a release sheet that's really a boon to the ops. If you aren't getting 'em, get yourself on the mailing list. Meanwhile, all the boys at the local distributing office are telling everybody in town about Johnny Mercer's "Gal In Calico." And if you ask 'em to please change the record, they do. They give you the needle on "Oh Why, Oh Why, Did I Ever Leave Wyoming," by Jerry Colonna. "Once we release it, it's going to be the greatest thing the music ops ever got!" they aver. Meanwhile, we're getting sort of anxious to hear the platter ourselves.

* * *

The news from RCA-Victor has it that the lad who made such swell vocals for Charlie Spivak's ork has left the combo to go out on his own. The lad's name is Jimmy Saunders and he's being replaced by newcomer Tommy Mercer . . . Over at Lindy's, in the wee hours of the morn, Ben Bard of Hub Records wanted to know how to get his pride and joy, The Ravens, on the phonos . . . Fred Lowrey's (the blind whistler) manager asked us to say something nice about the lad to the trade . . . Johnny Green and Sammy Stept of Stept, Inc., the music pub firm, promising that the phono trade'll make lots of gold via their new offering, "Serenade To Love" . . . So did Nat Friar have the same to say for his contribution to the disk world, "He Like It, She Like It."

* * *

From National Records comes word that Jerry Blaine, former Cosmo sales head, has become General Manager of their label, and second in command to A. B. Green, the prexy. Big plans and big announcements are being readied and Ralph Berson, press and sales chief, declares lots of news will be sprung at the luncheon the firm will tender this week . . . From Cleveland (O.) comes the word that Sammy Kaye's (RCA-Victor) recording of "Zip-A-Dee-Doo-Dah" has been selected as the "December Hit Of The Month" by the Cleveland Phonograph Merchants Association. Under terms of a contract signed with the local distrib for the label, an extensive ad campaign will be used to place the number in the top spot on every phono in the city.

* * *

CONGRATULATIONS! To Harry Bank, president of Cosmo Records, who was married during the Armistice Day week end . . . Next week The Cash Box will tell the story about the big exploitation program RKO Pictures will unwrap for the automatic music industry within the very near future. Observers expect their activities to set off a big hunt for phono op favor on the part of the major movie factories.

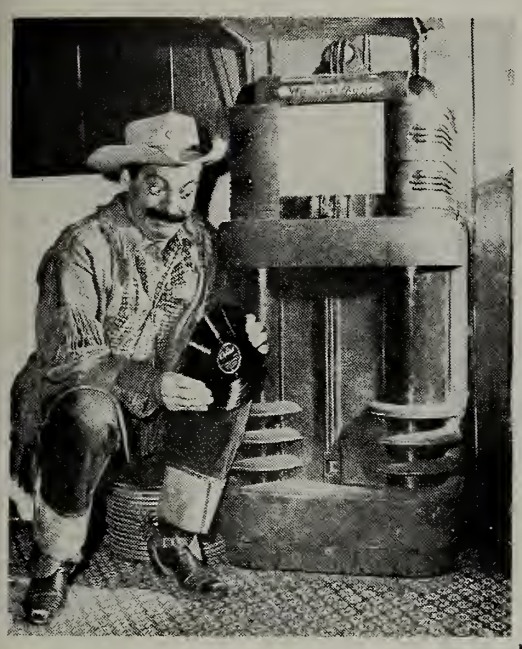
Colonna Pop-Eyed Over New Juke Box



JERRY COLONNA

HOLLYWOOD, CAL.—Of interest to the trade is the news that Jerry Colonna has invaded the Western song field with what is reputed to be a rip-snortin' recording of "Oh Why, Oh Why, Did I Ever Leave Wyoming." Especially directed for action in the phonos, the popular cowboy vocalists and bandsmen, Wesley Tuttle and Merle Travis join with Colonna on this Capitol disk. Flipped is a dialect riot, "When Rosie Riccoola Do The Hoola Ma Boola."

AMOA Acts To Bring Back Title Strips

ALBERT S. DENVER

NEW YORK — Albert S. Denver, President of the Automatic Music Operators Association, this city, took official action this past week in reply to the demand of members of his group (see *The Cash Box,* week of Nov. 11) by writing to record companies throughout the nation asking that operators be supplied with title strips as was the practice prior to the war.

"Our membership has requested us to present to the attention of all record companies the title strips that were distributed prior to the war," he said. "We feel that the distribution of these strips will prove of mutual benefit. It is a great time-saver for the operator and a means of advertising for your company. The operator, in making up his strips, does not mention whose record it is, but merely includes the name of the song and the artist recording.

"We further believe that now that the war is over, this would prove a fine gesture toward the operator.

"Will you please give this suggestion your kind consideration and advise us as to the outcome."

Associations throughout the country are eyeing the effect of the powerful New York organization's move. Many leaders of the trade, when informed of the steps that the New York group has taken, declared their intention of taking similar action. Meanwhile-feeling among the phonmen to bring back free title strips was reported mounting in all sections of the country.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

1 MEANS PRICE WENT UP.

2 MEANS PRICE WENT DOWN.

3 MEANS MACHINE JUST ADDED TO LIST.

4 MEANS PRICES WENT UP AND DOWN DUBING THE PAST WEEK.

5 MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.

6 MEANS NO PRICES QUOTED FOR PAST TWO WEEKS.

7 MEANS NO PRICES QUOTED FOR PAST THREE WEEKS.

XX MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

BIG SHOW - BIG JOB

By Herb Jones, Advertising Manager
Bally Manufacturing Company

The 1947 Coin-Machine Show — Sherman Hotel, Chicago, February 3, 4, 5, 6, 1947—will be the greatest event in coin-machine history — a grand and glorious reunion of a business fraternity which has not assembled in a convention since the distant pre-war days of early 1941.

The sheer size of the Show symbolizes the size of the job which every man in the industry must now tackle, individually and as a group. Our industry has attained a proud position in the ranks of American industry. We are a major industry, a big industry. We look forward to a Big Show—and a Big Job. And the Big Show is the time and place for every operator, every distributor, every manufacturer to get squared away for the big job ahead of us.

First and foremost, there is the job of planning operations during 1947—the year which will establish the pattern of industry operations for several years to come. Although the manufacturers provide the raw material for this particular job—the new equipment displayed and offered at the Show—the job must be done by the operators and distributors. They must consider and select and determine the equipment which will insure healthy, profitable operation. And only by attending the February Show in Chicago—by examining closely the offerings of the manufacturers, by discussing equipment with their fellow operators and distributors—can they be sure that they are on the right road to economic success.

Second, operators, distributors and manufacturers must freely exchange opinions on the many problems which face the industry in the period of economic flux through which we are passing. The problems of an industry which is tied to certain definite coin-denominations are serious problems in an era of rising prices. The February Show is the time and place for the inter-change of ideas which will help operators to solve these problems.

Third, operators, distributors and manufacturers now, at long last, have an opportunity to join forces to do a job which will result in lasting benefits to the entire industry—the job of selling our industry to the American public through the industry public relations program now gathering momentum under the guidance of Jim Mangan, director of the CMI Public Relations Bureau. The February Show is the time and place for every man in the industry to find out what he can do to participate in and advance the public relations program.

Last and, perhaps, most important, is the big job of demonstrating the unity of our industry. Just as every type of equipment — amusement, service and music—will be displayed at the Show, so operators of all equipment, operators from every section of the country, together with their distributors and the manufacturers, can show by mass attendance that the coin-machine industry is truly one of America's big, business-like industries — and can show by unity of purpose that the industry is resolved to continue as a great and ever-growing industry. The February Show is the time and place to show the world that we are not merely a crowd of men scrambling for the opportunity of the moment, but a united, strong and sound industry.

Remember the time and the place —February 3, 4, 5, 6, 1947—Sherman Hotel, Chicago. Plan now to be there —to see the Big Show—to be in the Big Show—to get primed and pepped up for the Big Job ahead.

New Coffee Vendor Shown In Philly

PHILADELPHIA, PA. — A newly developed coffee vendor which is geared to produce a fresh cup of that beverage every five seconds was recently exhibited here at a showing arranged by the local agency for Business Loans To Servicemen, Inc.

Known as "Kwik-Kafe," the new machine was produced by two former GIs, K. Cyrus Melikian and L. K. Rudd.

The vendor uses concentrated coffee and is hooked up to a nearby water supply system. It is said to be capable of dispensing 400 cups before requiring refilling.

According to Rudd, the machine could be adapted to dispensing hot chocolate, tea and soup, provided that some minor alterations are made, and designers are studying plans to add a doughnut machine to the unit.

Rudd claims the coffee vendor has been "very successful" in operation at test locations which were set up at various football games over a three week period. Eventually, he said, production of 50,000 units is planned with coast-to-coast distribution.

Milk Vendors Coming

BROOKLYN, N. Y.—An item which appeared in a local newspaper here reported a milk vending machine manufacturer's claim that "the white stuff" would soon be within easy reach in subway stations, offices, factories and apartments.

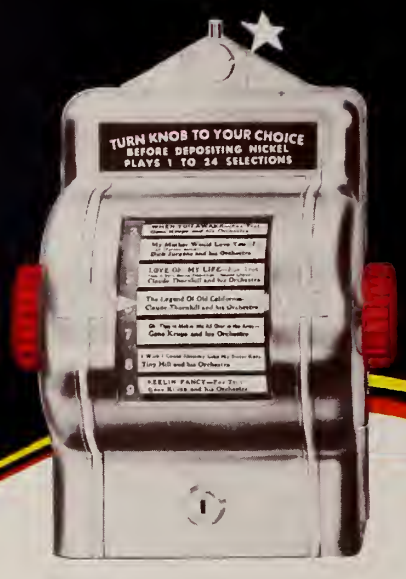
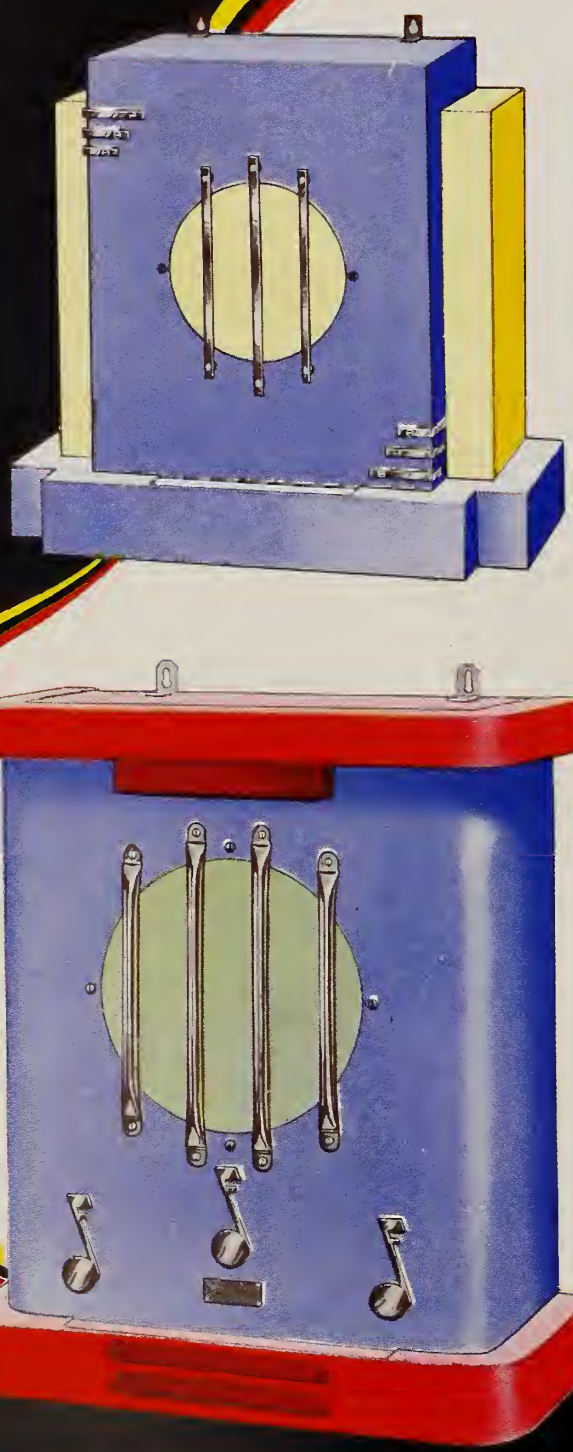
Fills the room with dancing bubbles of light—

Operates with the Packard Pla-Mor Phonograph Hideaway (Shown at left)—With the beautiful Packard Model 7—or any phonograph.

Homer E. Capehart's Packard Pla-Mor Phonograph Hideaway Model 400
The smoothest, simplest, most desirable hide-away phonograph in Automatic Music History





Packard all the way

FOR PROFIT

● Wherever nickels need to be coaxed—that's the place for Packard Pla-Mor Wall Boxes. They have a great reputation (just ask an operator)—and they live up to it.

And truly music salesmen are the Packard Pla-Mor Auxiliary Speakers Dahlia, Daisy and Rose (reading from top to bottom). They're lovely to look at, delightful to hear, and profitable to own.

With the spectacular Model 7 floor phonograph; the unique and excellent Model 400 phonograph hideaway; the exotic Speaker 1000 "Out-of-This-World"; the intriguing, business-promoting Remote Control Wall Box; the speakers on this page and the Packard accessories (adapters, 30-wire cable, bar-brackets, etc.) you have the *complete* line of unequalled, profit-engineered automatic music equipment—Packard-All-The-Way—for profit!

WHIRL-A-BALL GETS THE SPOTLIGHT AS HISTORY REPEATS ITSELF!

History has a way of repeating itself . . . and George Ponser and Irving Kaye have found out by location surveys that WHIRL-A-BALL . . . the new version of that famous profit-success of the early 1930's known as WHIRLWIND . . . will have an even more terrific big-money future than WHIRLWIND ever had! It has all the oldtime, tested features of WHIRLWIND . . . plus many up-to-the-second new features.

The ball is air-propelled, with no springs to clog or break! And it's all mechanical, no troublesome electrical connections! Just place it . . . and they'll play it! Then count the big profits!

EQUIPPED FOR 5c PLAY. EXTRA 1c COIN SLIDE FOR CONVERSION INCLUDED.

Wurlitzer "Know How" Praised

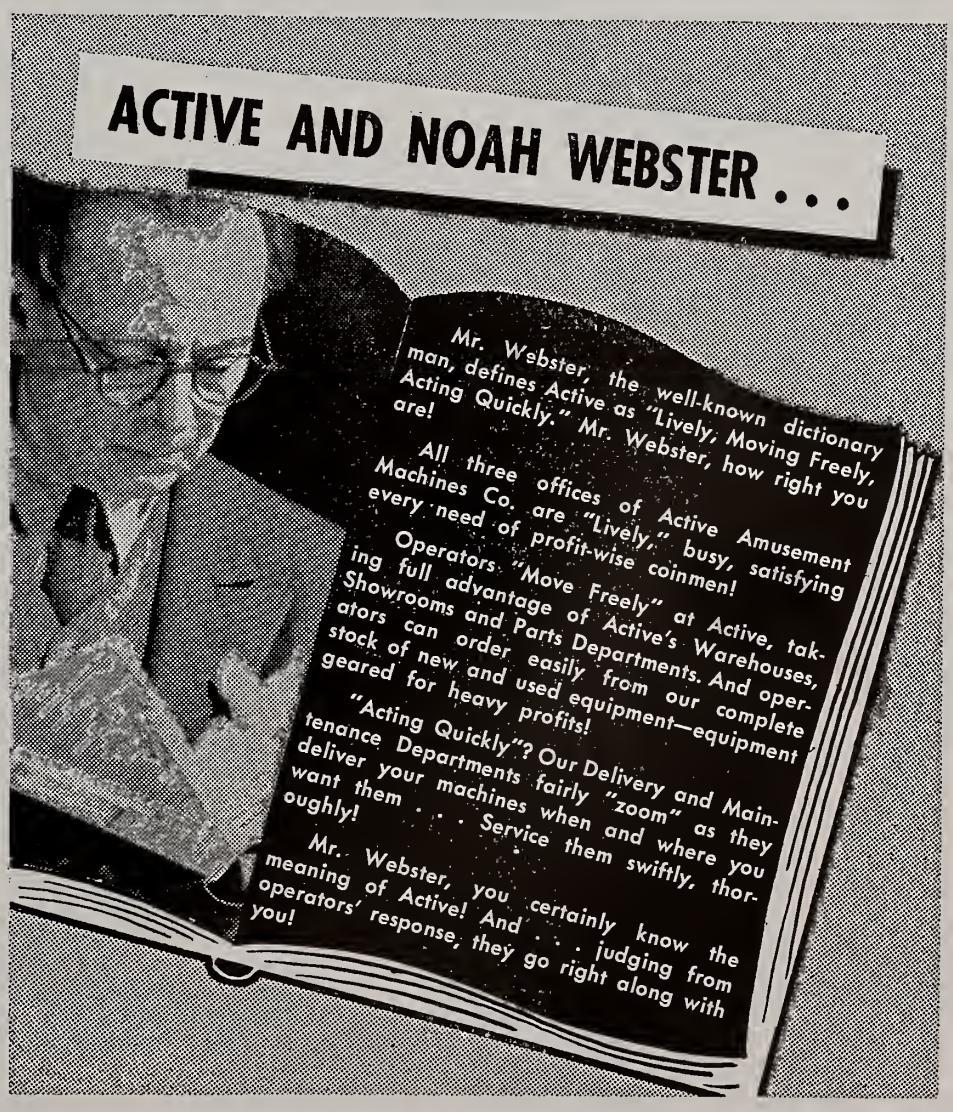
CLEVELAND, O. — Efficiency of the Wurlitzer assembly line was lauded in a lengthy article which appeared in a past issue of "Die Casting," a technical trade journal reported to be widely circulated among technicians

"To the customer who inserts a coin, presses a button and waits to hear his favorite musical recording, the juke box seems like a simple device," the article began. "Actually, an elaborate cycle of mechanical and electrical operations is repeated each time the instrument is played, activating a great variety of gears, cams, levers, pinions and control devices.

"The accurate assembling of these hundreds of parts into a smoothly functioning instrument is a problem in production line efficiency which is being particularly well handled at the North Tonawanda, N. Y., plant of the Rudolph Wurlitzer Company,'

Supported by many illustrations and diagrams, the technical aspect of Wurlitzer phonograph production was discussed in detail, and many of the techniques being followed by the firm were presented for the examination of the magazine's readers as material which they, too, might put to good use in solving their own problems.

From every aspect, the article was favorable not only to the Rudolph Wurlitzer Company, but to the automatic music industry as a whole, serving to recognize that the "engineering-know how" as utilized by manufacturers of coin operated phonographs is in the front ranks of Engineeringdom.



ACTIVE AND NOAH WEBSTER . . .
Mr. Webster, the well-known dictionary man, defines Active as "Lively, Moving Freely, Acting Quickly." Mr. Webster, how right you are!
All three offices of Active Amusement Machines Co. are "Lively," busy, satisfying every need of profit-wise coinmen!
Operators "Move Freely" at Active, taking full advantage of Active's Warehouses, Showrooms and Parts Departments. And operators can order easily from our complete stock of new and used equipment—equipment geared for heavy profits!
"Acting Quickly"? Our Delivery and Maintenance Departments fairly "zoom" as they deliver your machines when and where you want them . . . Service them swiftly, thoroughly!
Mr. Webster, you certainly know the meaning of Active! And . . . judging from operators' response, they go right along with you!

"You Can Always Depend On Active—All Ways"

Juke Boxes Tie In With Canadian War Memorial Drive

VANCOUVER, British Columbia, Canada—In their promotion to reach everyone possible, the University of British Columbia has enlisted the aid of music machine operators, who will place special recordings in their machine to publicize the University of Columbia's War Memorial Gymnasium Fund to the public.

Recordings of the traditional U.B.C. theme songs have been made by Richard Hyslop's "Harmony House" orchestra, and in addition to being aired on the radio, will be found in every music machine.

Bob Hughes, U.B.C. student, sings the songs "Hail U.B.C." and "My Gal's a Hullabaloo' for the orchestra.

Australian Jitter-Bugs Select Best Records In Juke Boxes

SYDNEY, AUSTRALIA—In a Sydney (New South Wales) milk bar (soda fountain, to you) a group of teen-age girls and boys wriggled gleefully to the rhythm of a music machine which was playing Vaughn Monroe's rendition of "Let It Snow".

According to reports, tunes and performers rated tops by these Australian jitterbugs are as follows in order of their popularity: "Let It Snow"; Kate Smith singing "Some Sunday Morning"; Bing Crosby and Judy Garland singing "You've Got Me Where You Want Me"; Frank Sinatra singing "I Dream of You"; Perry Como's "Dig You Later"; and strangely enough Glenn Miller's band playing the four year old "In The Mood".

The swing fans estimate that each puts about five shillings (approximately one dollar) in the juke box each week. The milk bar owner wasn't keen to inform outsiders how many sixpences went into the box each week, but gave the impression that the flow was nicely "in the groove".

Happy Birthday...

VINCENT C. (VINCE) SHAY

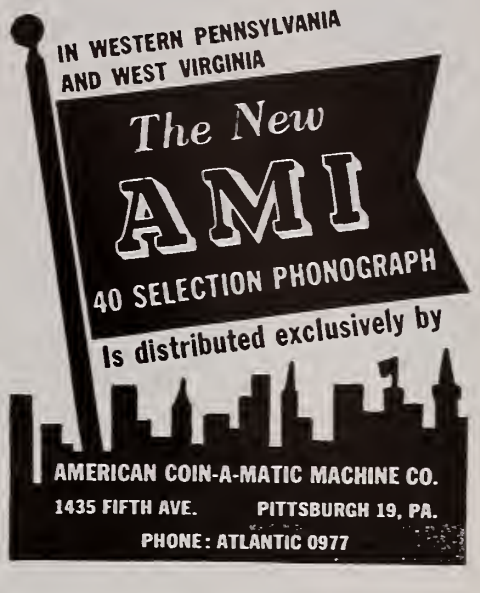
Rock-Ola Installation In Omaha

OMAHA, NEB. — "Sloppy Joe's," a well known restaurant in this city, is now the scene of one of the larger, completely Rock-Ola music installations in this territory. Twenty wall boxes cover every booth and are placed on the counter as well, while the "Phonograph Of Tomorrow" occupies a regal position on a dais situated at the head of the room. Joe Turner, the location owner, claims, "It's the kind of installation that really appeals to the customers. They can now play the phonograph from any part of the place."

Coin-Radios Seen By Hotelmen At Annual Meet

NEW YORK—Hotel executives from all parts of the country this past week viewed coin operated radio and television equipment, when several firms engaged in their manufacture exhibited at the National Hotel Exposition,



Eckland Claims Bells Should Have Curves

CHICAGO—Everett B. Eckland, designer of "Extrabell" and who is said to have designed more bell-type machines than any other living man, this past week announced that "contour curves" have in his opinion become an integral element in all new bell design.

"For too long," Eckland stated, "the bell has stood up straight, with hard straight lines dominating; the machine has relied solely on the shape and motion of the reels of supply the basic curves which the human eye everywhere is seeking.

"This curve attracts patrons because it is irresistible to the eye. From now on I just can't imagine a modern bell being without at least one good strong 'contour curve'."

GENCO SHIPS FIRST POST-WAR FIVE BALL GAME

CHICAGO — Genco introduced its first post-war five-ball free play pin game this past week, called "Step-Up".

Prior to the war, Genco was one of the most successful manufacturers of pin games, developing a reputation for turning out money making games. Since the war ended, the firm continued manufacturing "Total Roll" one of its pre-war roll down games, which was in great demand.

"Step-Up" is now in production and deliveries are being made to all Genco distributors, according to the officials of the firm.

It Won't Be Long Now —

IRV BLUMENFELD

BALTIMORE, MD.—Irv Blumenfeld, The General Vending Sales Corp., distributors in this city, will be ready to invite his friends and customers to a formal opening of their new building some time in December, he claims.

Blumenfeld and his associates, George Goldman and Harry Hoffman, have been planning this party for quite a long time now. The building is almost ready, except for a few minor details.

Official opening date will be publicized at the proper time.

The firm are exclusive distributors for Aireon Manufacturing Corp., Daval Products, D. Gottlieb, Exhibit Supply, O. D. Jennings, and Amusement Enterprises thru this territory.

New York State Ranks Fifth In Steel Production

NEW YORK—Manufacturers in the eastern section of the country will soon be able to acquire their steel needed in the production of their equipment from steel producers in New York State.

Steel production in this state has expanded to a point where it now ranks fifth of all steel producing centers.

This information is important to eastern manufacturers of coin operated equipment, who have to use steel in their machines, as not only will it facilitate deliveries, but will be more economical as the steel industry contemplates shipping on an f.o.b. mill basis.

MENTION "THE CASH BOX" WHEN ANSWERING ADS

Price Boost Seen On Scarce Metals

WASHINGTON. D. C.—The first reaction to the ending of price control found the nation's industrial leaders planning orderly adjustments, though the effect the measure is having on critically scare items, including those required by cointrade manufacturers, indicates some sharp rises in the price of these materials.

According to "The Journal of Commerce," a leading business newspaper, the scarce items among nonferrous metals and steel will shoot up sharply, tho it was admitted that immediate price advances in finished goods "are difficult to estimate."

Reflecting the price decontrol move was the sharp boost tagged to lead and zinc, both of which are commodities extensively used by the coin machine industry. The price on these items have already been bumped 20%.

Coincidental with the decontrol measure, leaders of the copper industry, a critically scarce product, announced they would now be able to meet the world price, which has been so high that under price regulation American copper interests were unable to compete with foreign buyers, who were not handicapped by such law.

As a result, copper is now expected to become more readily available to manufacturers who require the product, tho, in turn, prices are expected to be advanced.

In the steel industry, observers believe that prices will not rise over an average of seven to ten per cent, tho with price ceilings removed, "The Journal of Commerce" said that bidding by users of scarce materials against each other is widely expected to increase greatly.

.....The Leader in the Field for over 40 Years.....

CMI— Please Check

HOLLYWOOD, CALIF.—It was recently announced in the trade press of the motion picture industry that a new film is being planned having to do with murder in a juke box factory.

Cointrade leaders here have suggested that this is a top example of what might well hamper the public relations betterment program upon which the industry is now engaged.

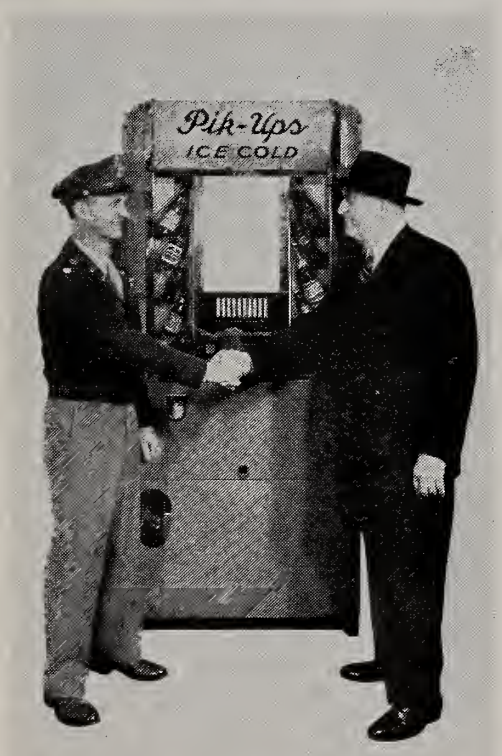
"This is a case for the Public Relations Bureau to investigate," remarked one well known coinman, "and, if it is found, that the film is to show our industry in a poor light, they should take some action to prevent it."

Bells Stolen From American Legion Post

CHAMBERSBURG, PA. — The local American Legion Post here was the recent victim of a robbery in which its four bell machines were carried away.

Borough police placed the loss at $1475. They said that each machine was valued at $300, and they contained an estimated $250 in cash.

Roberts Greets Bayne



CHICAGO — Henry T. Roberts (right), Vice President of the United States Vending Corporation, headquartered here, recently welcomed back Lt. Col. Clarence J. Bayne after five and one-half years of military service.

Members of the cointrade will remember when Col. Bayne "volunteered for a year's service" with the famous Chicago Black Horse Troop in November 1940. During his service in the Cavalry and Army Air Forces, Col. Bayne saw most of the 48 states and, as he put it, "Too much of the Southwest Pacific," when he participated in the invasion of the Philippines.

With Col. Bayne back as sales manager of the U. S. Vending Corporation, he will go all out again as the "team" with Henry Roberts in presenting to the trade the firm's electrically selective refrigerated vendor, to be introduced through their distributors very soon.

WILL ASK "NATIONAL TAX COUNCIL" BE CREATED AT SHOW

Leaders Of Ops' Assns. To Ask CMI To Set Up Such Agency As Part Of Present "Public Relations Bureau"

NEW YORK—Word reaches *The Cash Box* from various association leaders thruout the nation that a concerted move will be made during the Coin Machine Show in February, 1947, to have CMI (Coin Machine Industries, Inc.) create a "National Tax Council" (as urged by *The Cash Box* for more than four and a half years) as part of the new "Public Relations Bureau" now in operation.

These coinmen are of the belief that a "National Tax Council" is part and parcel of a "Public Relations Bureau." They claim that without the necessary public relations work there is little that tax experts can do to help coinmen in any territory where taxation of an inequitable and excessive nature strikes.

They also point out that in more cities and states there are now moves under way to tax coin machines for as much as they can possibly stand. This, these men explain, coupled with lower collections, higher overhead expense and greatly increased cost of new equipment, will simply push operators out of business.

One noted leader reports, "No coin machine operator can stand much more taxes than he is now enduring. Even the various tavern owners' associations know this and have come in to help this industry wherever called upon to do so. They, too, realize, that they will lose by the coin machine operator paying greatly increased taxes which must, of necessity, come off the top of the take."

But this fact that today most coinmen are taking their taxes, wherever they are heavy, off the top of the take—still doesn't mean that they can continue to do so forever. Should more and higher taxation come into effect, in many heavily taxed territories, these operators will simply have to go out of business.

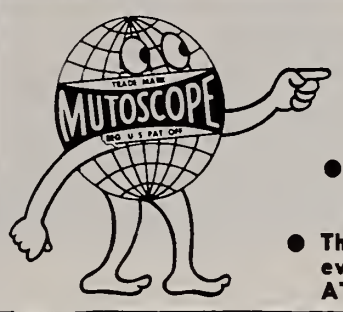
Everytime higher taxes are placed into effect in any territory it means that so much more of the gross receipts are being lost to the operator and the storekeeper. The receipts aren't great enough today to even arrange for commission changes in certain sections of the country. "If more is removed—how in the world will the operators be able to continue profitably in business?"—one leader asked.

A well known west coast association director stated, "The time has come when we must, as an industry, recognize the fact that we cannot longer continue to pay more and more taxes than we are doing at present. We must call a halt somewhere. We must arrange for a uniform and equitable taxation program to replace the various and differing taxes which the average coin machine operator is enduring. No one in this industry complains of paying fair and equitable taxes to county, state, city or village. But, we must know that these people understand our side of the picture, too. Therefore, it is necessary that our new 'Public Relations Bureau' take over this work immediately and create a 'National Tax Council'—so that all operators will have one source to go to when they are again faced with greater and inequitable taxation."

The tax problem does not stop at one section of the industry. Amusement machine coinmen, automatic music men and vending and service machine men are all interested in seeing to it that a "National Tax Council" is put into immediate operation.

They are all of the belief that they must have a source where they can obtain the advice of experienced tax experts—men who have collected and preserved records, precedents, data, ordinances, cases, and all other information they will require to fight any further taxation.

It seems very logical to these coinmen that the "Public Relations Bureau" created by CMI should be the one to take over a "National Tax Council". They will make every possible effort, they report, at the coin machine convention in February to bring this about.



THOUGHTS for THIS WEEK

- Divide your capital into three parts:—one third for property, one third for business, and one third for savings.

* * *

- Today may be the ancestor of your achievement or the father of your failure.

* * *

- Three of the most profitable operators' machines ever built: PHOTOMATIC, VOICE-O-GRAPH, ATOMIC BOMBER.

Amusement Enterprises Begin Deliveries On New Counter Game

IRVING KAYE

GEORGE PONSER

NEW YORK — George Ponser and Irving Kaye, Amusement Enterprises, Inc., this city, announced that their firm is now delivering "Whirl-A-Ball", their new, entirely mechanical counter machine.

Ponser and Kaye have adapted their game from the old "Whirlwind" under a license from Howard Peo of Rochester, N. Y. Naturally, Amusement Enterprises' version of the Peo game is improved greatly both mechanically and visually. "Whirl-A-Ball" now appears in a modernized streamlined cabinet, and is slightly larger than the original machine made so many years ago.

"In addition to modernizing the game," states Ponser "we have installed an air pressure plunger that permits the player to push it, resulting in quieter and more accurate play. The intriguing, drawing, money making play of the old "Whirlwind" remains, but our game, being so much more attractive, will definitely get a much greater play then ever before."

Those coinmen who were in the business in 1930 will remember Howard Peo's "Whirlwind". It is admitted that this game was the first produced in large quantities and distributed thruout the entire country. Many coinmen claim it was the forerunner of the modern coin machine era.

New York State Population Greater

NEW YORK—Altho it may have appeared in recent years that New York State has been losing some of its population to other parts of the country, a recent survey by The Journal of Commerce indicates that exactly the reverse is true.

Since the war many manufacturers who were situated in the Empire State, not only continued its plants, but actually expanded its facilities. In addition, many other industrial companies moved into the state. Available surplus war plants were grabbed up quickly wherever they were suitable or easily reconverted to peacetime production.

Coinmen in the Empire State have not lost any revenue by the shifting of population, and except for the brief period of reconverting the plants, have continued on with their business. It is stated that due to the better type of worker employed, higher pay is carried home by them.

Wurlitzer 1015 Featured In Movies

NEW YORK — The new Wurlitzer phonograph, model 1015, takes a prominent role in the recently released Paramount Pictures short subject, "Love In Tune." Providing the melody that comes out of the juke box in the film is the Hal McIntyre orchestra for which the youngsters are seen contributing their coinage and the number they do, "Thirty Miles An Hour," is one they have on wax under the Cosmo Records label. It was said by a spokesman for the recording firm that an extensive promotional campaign for the disk is being planned for use in various cities, with Wurlitzer music merchants possibly tying in to the Paramount film attraction.

Stepping Fast...

B. I. COVEN

CHICAGO—Ben Coven, Coven Distributing Co., this city, is now in the fastest action he's ever experienced. With Bally Manufacturing Company turning out their new consoles, 1-balls, and a new five-ball on the way, Coven is scurrying around seeing that his customers in Northern Illinois, Wisconsin and Indiana are being serviced with 100% efficiency.

Union Juke Box In

ATLANTIC CITY, N. J.—The pickets, the union and the operator who had been told to remove his machine in favor of a firm which was not union affiliated have been declared the winners in a controversy which recently raged here and was detailed by the local press. The contesting companies had been Music Box Enterprises (union) vs. Fun Amusement Co.

Popcorn Vender Shown In Chicago

CHICAGO—A new popcorn vendor, said to be the first completely automatic unit to be successfully demonstrated, was shown here recently before a cointrade audience.

Called "Minit-Pop," the machine is manufactured by the Viking machine and Tool Corp., Belleville, N. J. According to Edward C. Leeson, General Sales Manager, the unit has taken seven years to perfect.

Canadian Town Issues License Fee For 1st Time

VANCOUVER, British Columbia, Canada — One of the few remaining districts in Canada which has not required licensing of coin operated equipment, has now passed legislation taxing all types of equipment. The Municipality of Surrey, just across the Fraser River from Vancouver, is out after new sources of revenue.

All machines are included in the measure, music machines, amusement machines, and vendors. A fee of $5. per year will be collected from machines vending merchandise (cigarette, tobacco, candy). Juke boxes and other amusement machines will be taxed $20. a year.

The operating companies running music and amusement equipment have agreed to pay the necessary license. All applicants for licenses will be referred to the Chief of Police to make sure no pin ball machines, contrary to the provisions of the current code, is licensed.

In addition, the law body has ruled that persons under 17 years of age will not be permitted to play the amusement machines.

Advises Studio Music Ops On Binding Records

Here is a very interesting discovery made by Howard Dolph of the H. W. Dolph Distributing Company, Tulsa, Oklahoma, AMI distributor. Howard believes he has found a real money saving item for binding records used in Automatic Hostess studios.

Howard states:

"Last week I discovered that there is such a thing as 3/8" width white scotch tape and I finally found a roll. The results are perfect. All the bad features of adhesive tape are eliminated and a few new good features added. At retail it costs $1.05 for a roll and a roll will do 78 records. In wholesale lots, through a jobber it costs 85c a roll in lots of 48 rolls.

"If you want to try it yourself, lay a record on a small size turntable, start the tape, and stretch it tight as you go. You don't even have to pat the edges down as you go because it automatically lays down tight. If you get hold of a dry roll and it won't stand stretching without breaking, place the roll in a tight can together with a damp cloth overnight and then watch the results."

Back On The Job

MIKE MUNVES

NEW YORK — Mike Munves, who went away three weeks ago for his first vacation in over 30 years, returned to his desk Monday, November 11.

Mike had originally intended to rest at Hot Springs, Ark., for only two weeks, but something or other kept him away for an extra week. Maybe it was the novelty of doing nothing that so appealed to him.

Now that Mike is back on the job, his brother Max is planning to leave the offices for a few weeks.

Musical Minutes Attracts Visitors

JOHN A. FITZGIBBONS

NEW YORK—Jack Fitzgibbons, head of Musical Minutes, Inc., and Johnlee System reports that since the announcement of their individual wired music system some weeks ago, he has been swamped with inquiries from all over the country.

In addition, many of the larger out of town music distributors and operators have visited his elaborate showrooms for more detailed demonstrations.

Like every other manufacturer, Musical Minutes' production is not everything they would desire, but Jack Fitzgibbons states the firm will be making deliveries very shortly in fairly good quantities.

Alien Patent List Made Available

Justice Department Offers Publications With 37,000 Enemy National Devices

WASHINGTON—The Department of Justice announced this past week the Office of Alien Property will sell to American citizens for $10 publications containing 4,000 pages summarizing 37,000 mechanical and electrical patents seized from enemy nationals.

An analysis of 800 licensees' reports shows that the value of production in 1945 under patents licensed by the Office of Alien Property exceeded $100,000,000 and that licensees were engaged in nearly every branch of American industry and located in most of the States. Nearly half of these licensees were small businesses.

The patents cover electricity and electronics, machinery and metal working, aeronautical and automotive, foods and food machinery, textiles and textile machinery, packaging machinery and materials, agricultural equipment, process industries equipment and materials, printing and toys.

Among the 37,000 patents are some which are being returned to their former owners who live in countries which were occupied during the war. Most of the remaining patents are available for license on a royalty-free, non-exclusive basis for the remaining life of the patent, the Attorney General said.

An administrative fee of $15 is charged for each patent licensed. A few of the patents have expired and, therefore, can be used without a license.

MGA Will Hold Big Banquet

NEWARK, N. J.—Following the custom of many other cointrade groups throughout the country, the Music Guild of America, statewide association of New Jersey music operators, announced this past week that its Board of Governors is now making plans to stage its first annual Banquet and Show sometime in March 1947.

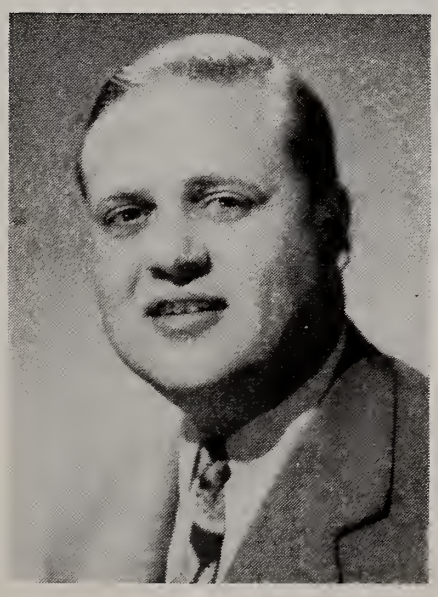
Coincident with the declaration that such an affair is being planned, the group announced that reservations for tables from members and firms connected with the industry are now being accepted and, with a large turnout expected, the seating arrangements would be established on a first come first served basis.

LeRoy Stein, Managing Director of MGA, told *The Cash Box* this past week that a place for the affair was still to be decided upon. Complicating is the fact that the association is state wide with a membership widely scattered by the distances involved. The place to be decided upon must therefore be convenient to all.

As soon as the place is named, the Board of Governors will specify the date of the occasion, said Stein.

Invitations to the recording companies to provide talent for the fete will soon be distributed, it was said, and Stein admitted he was particulaly anxious to get Peggy Lee of Capitol Records, Monica Lewis of Signature, and Gordon MacRae of Musicraft. "They were the artists who clicked so well at the New York show," Stein admitted, "and I know our New Jersey members should get to hear them too."

Heath Distributes Parts Nationally



ED HEATH

MACON, GA.—Ed Heath, Heath Distributing Co., this city, has been acquiring a national reputation as a supplier of parts and supplies for all types of coin operated equipment.

"Our parts department" claims Heath "is the most complete in the nation, and we have been concentrating on this division of our business for many months."

In addition to the parts department, Heath's company is distributing equipment for some of the nation's foremost manufacturers.

BUCKLEY TRADING POST

4223 WEST LAKE STREET CHICAGO 24, ILLINOIS

(ALL PHONES: VAN BUREN 6636-6637-6638-6533)

Toledo Pingame Ops Form Assn.

TOLEDO, O.—Pin game operators in this city have announced the organization of the Toledo Amusement Machines Association, a new trade group which has already set up a code of ethics and has pledged itself to halt unfair practices among local members of the trade.

Official organization of the group took place at a meeting held recently in the Hillcrest, at which time officers were elected, a charter was adopted and the code of ethics, which includes provisions to stop unfair practises by members against the city, location owners and each other, was drawn up.

Elected president of the new association was Roy Kerr of the R & K Sales Company; Merle Fike of the Main Novelty Company was elected vice president; Roy Olrich of the Toledo Magic Music Co. was installed as secretary, and Bernard Jacoby, a local distributor, will serve as treasurer.

In addition a Board of Trustees, composed of five members, each representing a different firm, would oversee the elected officials for the time being. The meeting was presided over by Dan McCullough, an attorney, and had been called by Merle and Ray Fike, brother owners of the Main Novelty Co.

According to "The Blade", the newspaper which reported the meeting, a proposal that dues of 10 cents a machine per month be levied was opposed by the Fike Brothers, who, it was said, claimed they have 300 machines spotted throughout the city. Instead, they offered a counter-proposal of setting dues at $5 to $10 per month per member. Smaller ops, however, held out for the per-table basis.

McCullough told the assemblage that special assessments, in addition to dues, would have to be levied "for the good of the association and to continue in business."

Moves To New Bldg. Soon

WM. R. (BILL) HAPPEL

LOS ANGELES, CALIF.—Bill Happel, Jr., Badger Sales Company, here, is eyeing the construction of his new building, which is almost ready for occupancy.

Happel is leary of making a definite date for his moving, but hopes to be located there very soon. "As everyone knows" states Bill "so many obstacles arise in construction these days, that no definite time can be alloted to complete the job. However, I'll be moving soon, and the trade will be notified of the exact date."

Mills Sales Co., Ltd. Entertains Guests At Portland Opening

"Chow Time", the generous buffet luncheon that was served at the opening of the Mills Sales Co., Ltd., branch in Portland, Ore., drew a host of operators and their friends, and many other local members of the cointrade to the hugely successful affair.

PORTLAND, ORE. — Following the opening of their newly established branch in this city, Warren H. Taylor, General Sales Manager of the Mills Sales Co., Ltd., reported: "The main demand at the present time seems to be for one-ball tables and the Mills bell machines, with great interest being directed particularly on the new Mills 'Dollar Bell,' which is being manufactured by the Mills Sales Company in our main plant located in Oakland."

The new branch, situated at 600 S.E. Stark Street, is under the direction of Frank Sandberg, it was said, and marks another important step in the firm's expansion program, which some months ago witnessed a grand opening of a branch in Los Angeles to cover the Southern California territory.

Congrats All Over . . .

PORTLAND, ORE.—After receiving the congratulations and good wishes of the many coinmen who attended and added to the success of the opening of the Mills Sales Co., Ltd., branch in this city, A. H. Bouterious, General Manager of the firm (left), Frank Sandberg, manager of the new office, and Warren H. Taylor, General Sales Manager for the company, took time out to congratulate each other on the part each played in making the important move possible.

Tacoma Newspaper Runs Editorial On Pin Situation

TACOMA, WASH.—The controversy over pingames which has been raging here for the past several weeks developed a new twist recently when the "News-Tribune" published an editorial under the heading "City Owned Pinballs."

"From all the sound and fury coming from the city hall over the pinball machines," they declared, "Tacomans can arrive at no other conclusion than that their operation is extremely profitable. After all a gadget which can afford to pay a couple of hundred dollars a year in license fees, plus location taxes, the state's 10 per cent, and furnish profit for owners and operators, should be treated with due respect in these times of crimped city revenues.

"Some municipal ownership enthusiasts are urging that the bus line be taken over. Why take a chance? Why not a sure thing like ownership and operation of the pinballs? Remember, they are licensed and therefore legal."

Phony Vending Deals Hit By Press And Better Business Bureau As Victims Mount

BUFFALO, N. Y.—Sharpers and fly by night characters who have tacked themselves onto the coin machine industry and are victimizing people with phony vendor propositions were hit hard by this city's Better Business Bureau and the "Courier Express," a leading daily newspaper, when the pair combined recently to prepare a news story on the situation as it is shaping up here.

To the credit of both parties, the story spoke of the sharp differences between established cointrade firms and products and those who have been using the industry as a cloak to put across their netarious schemes.

The entire story as it appeared in the "Courier Express" is reprinted below.

[Driven out of Buffalo last year by an expose in The Courier-Express, the vending machine racketeers are attempting to re-establish a foothold here, preying on a reputable business and holding out a get-rich-quick lure to veterans and former war workers, Harold W. Webber, general manager of the Better Business Bureau, warned yesterday.

There are thousands of vending machines, or automatic merchandisers as they are officially known, in Buffalo, dispensing stamps, candy, cigarets, and even food, and practically all of them are on the up and up, according to Webber. His warning is aimed at high pressure promoters who seek to sell inferior equipment and reputedly established routes to unsuspecting persons.

"It is uncanny," he said, "the way a lot of persons who would hesitate a long time and weigh the matter carefully before investing their savings in a retail store or other business will throw their money to these smooth vending machine promoters in the hope of making a lot of money fast without working for it."

Joining in the campaign to oust these high pressure salesmen, a spokesman for the automatic merchandising industry pointed out that the legitimate business depends for its profit on volume sales and warned that the person who buys a dozen or so machines, even if they were all they are claimed to be, couldn't possibly become rich overnight, as the unit profits are counted not in pennies but in fractions of pennies.

Complaints from victims of this high pressure sales campaign indicate that the machines sold are put out by fly-by-night manufacturing companies, are defective in workmanship and are far from being thief-proof. They are said to jam easily and are capable of ejecting "jackpots" by the manipulation of a penny or even a piece of cardboard. Also the established routes claimed for them are frequently a myth.

"Fortunately," said Webber, "the prospective victim can easily check up on the deal and separate the wheat from the chaff in the vending machine game if he will take the time to investigate before he pays out his money. He should check the manufacturer of the machines and get a case history from each location on the 'established route.' If he is still in doubt, he can check with the Better Business Bureau."]

Jukes In Dep't Stores Seen As Trade Aid

DETROIT, MICH.—The use of juke boxes by leading department stores thruout the nation to perk-up teen age departments has been taken up by one of the larger stores in this city, it was recently revealed.

The machine will be placed in a "Saturday headquarters" for the youngsters where they can dance and shop in the same place.

Music ops here who have been told about the plan have expressed themselves as being in wholehearted support of this and like moves. It is felt that the phonos in the store attract lots of attention to the equipment and promote play in commercial locations.

Don't Let It Happen . . .

PATERSON, N. J.—The Excise Commission of this city has announced that a crack down campaign is now being waged against locations which permit their juke boxes to operate on full volume, causing neighboring residents to be disturbed.

"Telequiz" Nets Big Press

NEW YORK — "Telequiz", the new coin operated question and answer machine, has been receiving heavy attention in the nation's press.

Reports from all over the country indicate that the machine has stirred up big interest among the newsmen, and their readers, and many lengthy stories describing it have appeared.

SAN FRANCISCO 2, CAL. (Tel. Or. 6641)

DE WITT (DOC) EATON

DETROIT, MICH. — DeWitt "Doc" Eaton spent the better part of the past week in this territory going the rounds with Max Marston of Marston Distributing Company, AMI distributors in Michigan, investigating prominent installations of AMI phonographs featuring ten cent play, three-for-a-quarter.

Marston states: "I have found that though the public doesn't accept ten cent play all at once, in my locations it is simply a matter of staying with the idea long enough to let the new kind of play take hold. On a phonograph which plays both sides of every record and affords forty selections in all, the public very quickly realizes that the instrument justifies the higher price per play."

Eaton said he is very enthusiastic over the growth of the ten cent idea which he has been formally sponsoring for the past several months. "Before many more months have passed you will see most of the better installations all over America running on ten cent play, three-for-a-quarter," he declared.

Truck Rate Rise May Hit Cointrade In East

NEW YORK—Of interest to coinmen in the Eastern area of the country is the report that trucking firms located here are pressing for an increase in rates from 8 to 25 per cent.

The rise was asked by members of the Middle Atlantic States Motor Carriers Conference at a meeting held here recently with representatives of industrial shippers.

Big Biz For Restaurants

NEW YORK — Members of the trade with restaurant locations may well take note of the opinion that eating establishments are currently enjoying the most prosperous era in its history, according to George R. Le Sauvage, president-elect of the New York State Restaurant Association. What's more, Le Sauvage said the business had little to fear in the near future.

Coinmen might pass those comments on to their location owners should they be grumbling that 70-30 would knock 'em out.

CMI Asks Trade To Forward Public Relations Material; Photos, Letters, Info Wanted

By James T. Mangan, Chief, CMI Public Relations Bureau

CHICAGO—Coin Machine Industries Public Relations Bureau has started to compile the record of all individual public relations activities of every member in the United States during the year 1946 especially, and for the period immediately preceding.

The public relations of our industry must always be the sum total of the individual acts of every member as he goes about working and living in his own community. Every day or week you are called on to participate in some civic enterprise or activity. Either your cooperation is solicited or you cooperate on your own initiative. You know that the good will of all the citizens of your community for you is a precious asset and, naturally, you never fail to seize a chance to increase that good will.

Offhand, when you are asked, "What have you done in a Public Relations way during 1946?" you may be stumped for an answer. But sit down; probe your memory; go through your records; think. You will be astonished to learn that you have done dozens of things that definitely are good Public Relations.

Let's Bring All Public Relations to Harvest

We wish to gather in one spot the

CMI Asks Publicity Data

(*Continued*)

is possible to secure. We want this the aggregate total of as many examples of good Public Relations by activities of individual members as it record of as much Public Relations material to show to 12,000 operators visiting the coming Coin Machine Show. We want to astonish you and every other member of the trade with coin machine men as we can get together in a few short weeks.

Here are a few of the things we want:

Letters: Letters of commendation, letters of gratitude, letters showing proof of cooperation with organizations, churches, and other groups in your community. Please photostat your letters, or make copies before sending them to us. But send them in promptly.

Photographs: Pictures showing your participation in local activities; your personal photograph and your family photographs; your photo taken with well known persons of your communities, or with celebrities of any kind.

Please mark all information on the back of the photograph IN INK.

Clippings: Newspapers, fraternal paper or other publication clippings containing favorable publicity which either you received personally in your community, or clippings which you considered favorable to the entire Coin Machine Industry.

Written Statements: Please send us brief written statements on the following subjects:

Your Own Business: Send PHOTOS OF YOUR BUSINESSS HEADQUARTERS. Write all information in ink on back of photos. Description of relations with employes; special stories. Location owners and data on THEIR public relations activities.

Ideas and Suggestions: Let us have your ideas and suggestions for better Public Relations for the entire Coin Machine Industry. Give us the benefit of your thoughts, your experience, your wishes!

Now all this looks like we're asking for a lot of cooperation. We are! We have definite need for every bit of proof of public good will we can gather. We're banking on your personally. Send us your letters, photos, clippings, statements and ideas today. Send them to: CMI Public Relations Bureau, 134 North LaSalle Street, Chicago 2, Ill. Thank you!

'Smiley' Trade Deal Gets Big Response

American Amusement Co. Now Shipping Samples Of New Game For Immediate Delivery

HARRY H. BROWN

CHICAGO—Following his announcement that the American Amusement Company, this city, would take back all "Smiley" counter games in trade for his forthcoming new counter machines from those ops who wished to take advantage of the plan (See *The Cash Box,* Week of November 4, 1946), Harry Brown declared, "the results were tremendously gratifying.

"We adopted the trade-in policy on the 'Smiley' game because we believed it would assist many of the coinmen who wish to take advantage of this offer on the purchase of our new amusement counter game.

"Now," he added, "we are pleased to tell the trade that the first samples of our new machine are being shipped this week, and, I might add, we are prepared to offer it for immediate delivery in quantity."

In addition, Brown reported that many substantial orders for the game have already been placed with the American Amusement Company by coinmen from all parts of the country.

FLASH! — Claims 1st With 1st

AL STERN

CHICAGO — Al Stern, World Wide Distributing Co., this city, lays claim to being "the first with the first sale." Upon returning from the meeting of Packard distributors at French Lick, Ind., Al was met at the door to his offices by a music operator, who, overwhelmed by Al's enthusiasm about the Packard machine, placed an order without even seeing a photo of the phono.

Williams Promises Unusual Games Series In '47

CHICAGO—Harry Williams of Williams Mfg. Co., this city, reports that his firm is preparing to present a very unusual and unique series of games for 1947.

"These will be entirely different", Williams stated, "than anything ever before produced in the amusement field of the coin machine industry."

He also said, "There is no doubt but what the trade will require something entirely unique to attract the greatest possible play action in 1947. We have, therefore, worked out a series of games which we believe will bring about a new era for the industry."

New Cabinet Conversion For Jukes Available In East Soon

PHILADELPHIA, PA.—Since assuming ownership of the American Phonograph Company here, Jim Hamilton and Bill Cannon report they have been in heavy action and announce that they have recently acquired the Eastern distributorship of the Universal cabinet.

"If the steady influx of in and out of town operators can be taken as a barometer, our only problem will be to get enough to go around"

The product, a year in the making, is being manufactured by Bob Harper, a prominent figure in the phono industry for a number of years.

New Mdse. Vendor "Clicks" With All Trade; Selective "Automatic Store" To Coin Trade Only

CHICAGO—Henry T. Roberts, one of the industry's leading executives for many years, now heading United States Vending Corp., this city, has been calling in leading distributors thruout the country to view their new "Pik-Ups", a truly selective automatic store.

The machine (pictured on page 51 with Roberts and Bayne) astonished the visitors with its many new innovations and features. As many as ten varying items of merchandise can be selected—ranging all the way from cold soda and milk, thru candy, sandwiches, packaged items, to hot dogs and hamburgers. Due to the refrigerating unit being used the merchandise will fully satisfy the purchaser. The capacity is large, the company claiming as much as ten cases of bottles can be inserted in the machine at one time if so desired. A paper cup vendor is even attached to the machine, in the event the buyer desires to consume the liquid

"Pik-Ups" will take a nickel, dime or quarter, and will make the necessary change. Machine is being built by the Bath Iron Works, Bath, Me.

Roberts and Clarence J. Bayne, sales manager for the company, state that they will deal with coin machine people only. They will have a line-up of distributors thruout the country, who in turn will sell to the operator. Distributors from all over the country have been quietly called in by Roberts, and we understand that practically every territory has been alloted, with but only a few open

Those coinmen who have had the opportunity to view the vendor were enthusiastic in their praise, claiming it to be the "greatest piece of coin operated equipment ever to be manufactured".

Roberts, in commenting about the sales plan of the United States Vending Corp. stated "I've been dealing with coinmen for many years, and know they are the only people in the world who know how to promote and operate a machine with a coin slot. In arriving at our sales plan, and in order to successfully merchandise the "Pik-Ups" selective merchandising machine to the country at large, it was our opinion that the members of the coin machine industry are the ones who can do so."

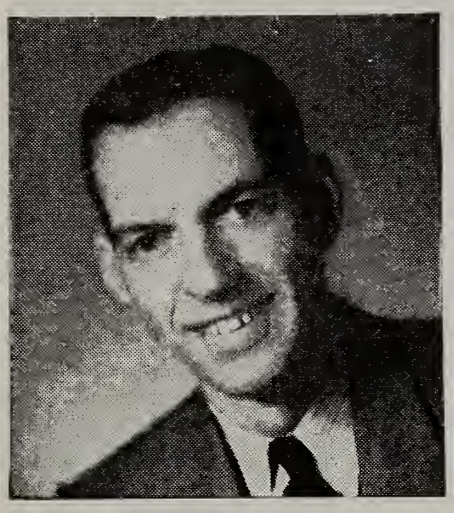
Missouri Ops Ask Congress for 7½c Coin

ST. LOUIS, MO.—Following the lead set down by *The Cash Box* in recent editorials in which the industry was asked to back the demand for a 7½c coin as "the answer to a better percentage basis" for the industry (See *The Cash Box,* Weeks of May 6 and November 4, 1946), a spokesman for the Missouri Amusement Association, headquartered here, has announced that all members of the group have been writing to congressmen in support of the move.

United Mfg. To Make Announcement Soon

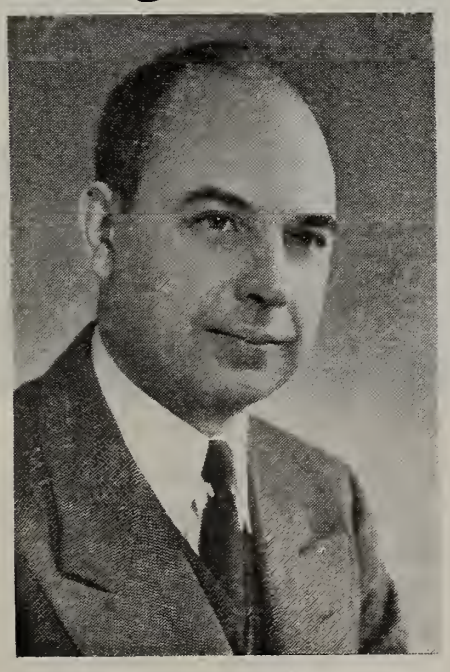


C. B. (BILLY) DE SELM

CHICAGO—C. B. (Billy) DeSelm, Salesmanager of United Manufacturing Co., this city, promised that very soon, within the next few weeks, the firm would have a very important announcement for the trade.

"A great many coinmen", DeSelm said, "are waiting to hear this announcement and we believe that it will prove of really outstanding value to all the trade."

Visiting East



J. RAYMOND BACON

NEW YORK — J. Raymond Bacon, Vice-President, O. D. Jennings & Co., Chicago, was in town this past week attending the Metal Trades Convention.

When the convention closed, Bacon traveled to Boston, Mass., to visit with David Bond, Trimount Coin Machine Co. (distributors for the Jennings line in New England). He is also expected to visit the three Generals of The General Vending Sales Corp., of Baltimore, Md.

SIGNS WITH UNION

NEW YORK—Al Bloom of Speedway Products, manufacturers of "Talking Gold", a plastic cloth being extensively used by the nation's phonomen, announced this past week that he had signed a contract for his firm with the United Coin Machine Employees Union Local 254, CIO.

The contract is said to cover all men employed in the company's plant.

Bally Introduces New 5-Ball Game

GEORGE W. JENKINS

CHICAGO—Unusually fast play, resulting in increased earning power, is said to be the outstanding feature of the "Midget Racer" 5-ball game, recently released by Bally Manufacturing Company.

Discussing the new game, George Jenkins, Bally general sales manager, stated that "Midget Racer" was developed to answer the current need for fast-play equipment. "Besides being a fascinating skill-amusement game," Jenkins said, " 'Midget Racer' is an ideal competitive play machine. Lively board-action, last-minute suspense and a 4-way score system is resulting in heavy repeat play on 'Midget Racer.' Matching the brilliance of the play principle is an unusually rich play-field design, a colorful cabinet and a brilliant back-box."

"One of the many new features built into 'Midget Racer' is the new Bally Inner-Lock Cash-Box, which may be locked with a separate lock inside the front door," Jenkins continued. "Or the Inner-Lock may be omitted, if desired. Like all Bally products, 'Midget Racer' is built to insure long life on location with rock-bottom service cost."

Associate Memberships In CMI Good Thru '47

CHICAGO—Dave Gottlieb, president of Coin Machine Industries, Inc., announced this past week that James Gilmore, Secretary-Manager of CMI, has been notifying associate members that the Board of Directors voted to extend public relations associate memberships through the year 1947 without any further payment of dues.

Associate members joined the organization in support of the CMI public relations program, which is now well under way and under the personal direction of James T. Mangan.

Over 600 Associate memberships have been issued and new members are said to be coming in every day.

Price Of Small Motors Advanced 10 To 30 Percent

NEW YORK—General Electric Company, this week announced that price increases of 10 to 30 percent were effected on a variety of fractional horespower motors.

10 per cent—Single-phase KC and KCP three-quarter horsepower, four-pole complete motor.

10 per cent—All KSP and KSC unit and two-bearing motors; KH one-third horsepower, four-pole general purpose and fan duty motors; KC, KCP and K 10-20-30-40 frame; KC 40-frame hermetic motors and one-third horsepower KH high torque

15 per cent — all gear motors

20 per cent—Other 40-frame KH general purpose and fan duty motors; direct current motors, all sizes, and CR 105 TR and U starting hermetic relays.

25 per cent—KH hermetic motors, KH washing machine motors and KH 10-20-30 frame motors.

30 per cent — one-quarter horse power KH high torque special purpose motor.

There was no increase in the 60-70 frame complete motors and hermetic motor parts, with the exception of the single phase KC and CKP three-quarter horsepower four-pole complete motor.

PITTSBURGH, PA. — A spokesman for the Westinghouse Electric Corporation announced this week price increases ranging from 8 to 25 per cent on four types of electrical equipment.

He said the price of fractional horsepower electrical motors was increased an average of 25 per cent, while integral motors of one or more horsepower were raised an average of 13 per cent.

The cost of low voltage switch gear equipment was boosted an average of 20 per cent. Distribution transformers were increased an average of 8 per cent.

Record Company "Clicks" With New Release

SAM STRAHL

PITTSBURGH, PA. — Sam Strahl, American Coin-A-Matic Sales Corp., this city, reports that he has been making great progress in developing his record firm, Emerald Records.

Emerald's newest release "I Love You For Sentimental Reasons" has just been released, and Strahl informs us that the publishers of the song, Leeds Music Company, has congratulated them on the unusually fine recording.

Bullock Named Nat'l Distrib For Coin Radio

JAY BULLOCK

LOS ANGELES — Jay Bullock, well known cointrade leader, has been appointed the national distributor of a new coin operated radio, it was recently announced here.

The new unit, which is featured in several models, is said to be adaptable for all types of locations.

"Our equipment is ideally suited for hotels and motels," Bullock declared, and this type of unit is proving a money maker to the many operators who are now engaging in this kind of operation."

Bullock revealed that he planned to appoint many distributors and jobbers thruout the country, and is prepared to offer immediate delivery in just about unlimited quantities.

Smaller Cities Seek Taxes To Hit Cointrade

HARRISBURG, PA.—The League of Third Class Cities, composed of civic officials from the smaller cities of this state have announced their intention to petition the state legislature for a tax on coin machines.

PACKARD HIDEAWAY PHONOS ON WAY TO WEST COAST

INDIANAPOLIS, IND.—These three carloads of Packard "400" Hideaway Phonographs are headed west, to: Jack Gutshall Distributing Company, Los Angeles, Calif.; The Nickabob Company, Los Angeles, Calif.; The Pla-Mor Sales Company, Seattle, Wash.

"They are just three of many that are rolling away from the Packard loading dock regularly," states W. H. (Bill) Struby, President of Packard Mfg. Corp. "But," he continues "even these big shipments can't keep up with the pyramiding orders — and that's because suppliers of raw materials (sheet steel, castings, electrical components and the like) can't keep up with the accelerating Packard production lines.

"Veterans of the automatic music industry say they have never seen such immediate—and enthusiastic—acceptance for a commercial phonograph. Some feel it is the indication of a new trend in the industry. Wall Box and "glamour" speaker orders, they point out, are keeping pace with the Hideaway sales.

"This trend is not a surprise to our executives and engineers. The Model 400 Hideaway Phonograph, the "Out-Of-This-World" Model 1000 Speaker were specifically designed as companions to the performance-proved Wall Boxes for a "high-take" combination with all the necessary characteristics — eye-catching glamour; extra selectors for patron convenience; and more efficient, easier serviced phonograph performance. Packard advertising has presented the 'pay-off combination' idea to the operators. Reaction from the field appears to be positive confirmation of the desirability of this type of location service."

Phonos Delivered To Mullininx

O. J. MULLININX

SAVANNAH, GA.—O. J. Mullininx, Mullininx Amusement Company, this city, reports that he is now a very happy man. The Rock-Ola phonos are being delivered in fairly good quantities, and he can take care of his territory somewhat. However, he claims, many more machines are needed before he can satisfy all his customers completely.

The repair department of this firm Mullininx reports is working at full blast, overhauling and renovating all types of equipment from coinmen all thruout the state of Georgia.

Mann Makes Flying Trip To West Coast

CHICAGO—Fred Mann, the travelingest of all the Aireon regional directors, just returned here from a very speedy one week flying trip to the West Coast where he visited with Walter Solomon of Western Distributors in Seattle, Wash., Budge Wright of Western Distributors, Portland, Ore. and also covered down to Los Angeles, Cal. meeting with Aireon distribs.

Mann reports, "Enthusiasm was at the highest for our new 1947 plans and all of our distributors and district managers are eagerly awaiting forthcoming announcements which I, personally, predict will make history in the automatic phonograph industry."

Awaits New Building

GIL KITT

CHICAGO — Gil Kitt, Empire Coin Machine Exchange, this city, is anxiously awaiting the day when his building will be completely rebuilt to his specifications. Gil claims when all the work is done, Empire will have the show place of the mid-west.

N. Y. Music Op Group To Hold Annual General Election

NEW YORK—The Automatic Music Operators Association of this city will hold their annual election of officers at a general meeting and dinner on November 26th, it was announced by Albert S. Denver, president of the group.

Capitol Records Again Releases Betty Hutton Disks To Trade

NEW YORK — The Capitol Records Distributing branch in this city has informed *The Cash Box* that Betty Hutton records made under the Capitol label are again being pressed and will soon be available to the trade.

The news is of particular interest to the trade inasmuch as it is felt by many experts in the music world that Miss Hutton's best records were waxed under the Capitol label, and a tremendous demand for such established favorites as "Doctor, Lawyer, Indian Chief," her "His Rocking Horse Ran Away," and others have been building up since the firm stopped making the disks available.

Meanwhile, reports to the effect that Miss Hutton, now being waxed by RCA-Victor, will return to the Capitol fold on January 1st are being widely circulated in theatrical circles here.

The Capitol Records branch in this city declared they were not in a position to confirm or deny that possibility.

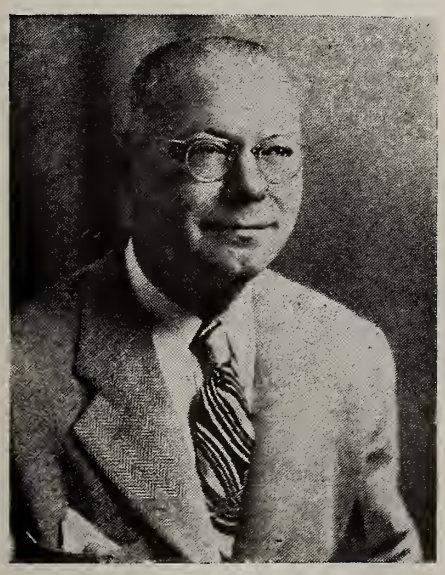
Montgomery Dist. Co. In Change Of Ownership

DAYTON, O.—The Montgomery Distributing Company, headquartered here, was purchased this past week by a trio consisting of C. E. Duckham, N. E. Pockar and George Fair.

The firm now has on display an imposing assortment of new games and equipment, and, in addition, serve as distributors for the Packard Manufacturing Corporation in this territory.

The new owners are all experienced coinmen and are well known thruout the state as members of the trade for many years. They are looking forward to meet again with the many coinmen friends they have made and to being visited by them at their recently acquired address.

Charley Schlicht Says 'Mills Phono In February'



CHARLES SCHLICHT

CHICAGO — Charley Schlicht, head of the phono division for Mills, Industries, is gearing himself for next February when his firm will show the trade their new phono.

THRU THE COIN CHUTE

CHICAGO CHATTER

More and more interest in the forthcoming CMI show noted by coinmen here who are getting phone calls and letters to reserve rooms for friends from all over the country. It is the general belief here that this first post-war show will be the biggest in the history of the industry. Almost every well known hotel in the Loop district will be filled with coinmen and many will also have private displays, according to reports . . . Automatic music coinmen upset over the series of articles now appearing in The Chicago Sun regarding the juke box business as conducted here. Many claim this is very unfair for the writer does not take into consideration the fact that operations are scattered thruout the city and conducted by large number of ops . . . Mike Spector of Philly, Pa. in town this past week and completes a couple of impressive distrib deals for his part of the world . . . Henry T. Roberts back with United States Vending Corp. in the Board of Trade Bldg. here featuring a new drink vender which is getting lots of attention from coinmen . . . Harry Brown of American Amusement Co. flying out for a day and two at a time and coming back with new distrib line-ups each time. Harry reports that the firm are just about ready to pop with one of the most outstanding surprises in all of their history . . . Our condolences to George P. Allen of Soundies whose dad passed away this past week.

* * * *

Harry Pearl of Seacoast Distribs, N.Y.C. and Elizabeth, N. J., passes hurriedly thru town from California back to his home. Harry reports that he was very much impressed with California's way of doing business and that he will bring some of these music ideas to the fore in his area . . . Sammy Stern of the Scott-Crosse Co., Philly, one of our regular Chicago commuters, in town again this past week—and, as usual, at the Williams Mfg. Co. offices where Harry Williams and Tony Gasparro were in conference with him. Sam told these execs some very heartening stories regarding their games which brought out great big smiles. Harry showed Sam a few more ideas incorporated into their machines which ops are going to like very much . . . Ed. Ponder of New Orleans, La., Tarpon Springs, Fla. and other points south, in town this past week with Mrs. Ponder and driving back home to Noo Ohleans — stopping on the way down to say "hello" to Barnet (Shugy) Sugerman of Runyon Sales Co., New York, who is taking the baths in Hot Springs. By the way, and you can believe this or not—Ed's on a diet.

* * * *

Bud Parr of Solotone Corp.. L.A., spent a week in town showing music coinmen a new volume equalizer which attracted much good attention and lots of comment. Bud then rushed for New York where he has some important appointments, he reported . . . Milt Salstone of M-S Distrib. Co. telling all about his new quarters and also the fact that his record biz is zooming to new highs. Milt is doing a grand job selling disks to the coinmen and record stores here . . . DeWitt (Doc) Eaton of AMI in town for only a week and already planning a trip. Simply can't hold Doc down these days as business gets better and better for his firm . . . The Harry Jacobs' (Jr. and Sr.) in town this past week looking things over and reporting that they have made arrangements for distributing some new lines. They also talk about their new "Measured Music" distrib deal and believe that it will help Wisconsin's ops to enjoy better collections all around . . . B. D. Lazar of Pittsburgh, Pa. in town and rushing about. We didn't have a chance to catch up with him . . . Mr. and Mrs. Andy Monte and Mr. and Mrs. Dan Cohen of New Orleans both expected in town but decided to go right home from French Lick, Ind., and plan, instead, to make a trip together to New York.

* * * *

Larry Frankel of Frankel Distrib. Co., Rock Island, Ill. (as well as Des Moines, Sioux Falls and other cities) in town this past week and arranging for speedier shipments to his many distribution points. Larry reports that his men are out there punching away and that business is swell . . . Izz Alpert of Twin Ports Sales Co., Duluth, Minn., passes thru Chi on his way to French Lick and reports from there he will continue on to New York . . . One of the busiest of all the busy men in this man's town is J. A. (Art) Weinand of Rock-Ola. Art is going ahead at top speed planning ideas, campaigns, sales, et al, and, at the same time, meeting with all callers who come to his headquarters from all over the country to talk about the new Rock-Ola phonos and wall boxes . . . Grant Shay of Bell-O-Matic, who is plenty busy planning ways and means to get his distribs more and more good business—gets himself caught short this past week, just as he is in the midst of a busy campaign—by having to look around for a new secretary . . . Since installation of the "Beacon Coin Changer" in the Walgreen Drug Stores, the Chicago Public Library and other locations here, Al Sebring of Bell Products Co. has been one of the busiest men in town with distribs calling on him from all over the country discussing the changer for their areas. At the same time, Al reports, there have been many new people (never before directly in the coinbiz) who also want to handle the "Beacon Coin Changer" for their cities.

* * * *

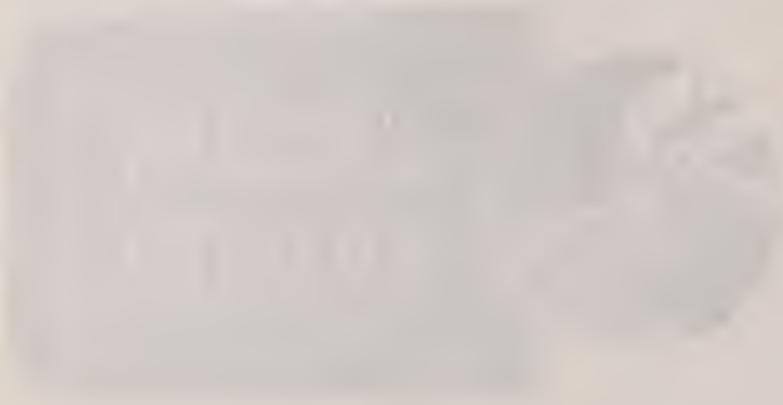
Al Stern of World Wide Distributors drives down to French Lick, Ind. to attend the Packard showing of the new Model 7 Packard Pla-Mor Phono with his very charming and very beautiful Missus. They spent two enjoyable days at this noted springs resort and then took their time driving home, arriving here on Saturday. Al reports that all of the firm's three offices are getting going on the new Pla-Mor phono and are enthused over what they heard at the French Lick meeting . . . Archie LaBeau of St. Paul in town to attend the horse show where he is showing some of his horses and, in the meantime, calling around to visit various of Chi's coinmen in between showings . . . Ed Hanna of Utica, N. Y. around the town this past week visiting with some of the manufacturers here . . . Morrie Ginsberg tells about reports on collections which he has received from various coinmen . . . Billy DeSelm over at United Mfg. Co. playing host to a host of distribs who are eager to see the firm's new machines . . . Big Seeburg distrib's meet scheduled for the latter part of this month will bring these music men in from all over the country . . . Some amuse. game distribs being changed by some of the manufacturers here who have been disappointed in the sales the boys have been making. "It's time some of these men got out the road again and began to sell," one noted mfr stated.

* * * *

Ben Lutske of Daval walking around his office with a great big smile exhibiting wires from coinmen who have reordered and re-ordered the firm's "Free Play" counter game and report how much it's taking in . . . Connie Haines (Mercury Records) opens at the Oriental Theatre with Mickey Rooney's Hollywood Revue and pulls plenty of coinmen to see her . . . Herman Perin arrives in town from N.Y.C. with his newest creation 'Tally Roll" and the distribs here are very much interested . . . Mike (The Russian) Carpin of Reading Novelty Co., Reading, Pa. also in town and talking about that sweet operation . . . Dave Rosen and Monte Levin of the David Rosen firm of Phila.. Pa.. also in town this past week and open their suite to the coinmen here. Dave getting plenty of swell comments for the great job he has done with mfrs products . . . Gil Kitt telling an interested audience of his plans for the "showplace of Chicago" which will be the new Empire Coin Mach. Exch. showrooms.

* * * *

Mr. and Mrs. Dan Cohen of New Orleans in town to visit for a few days and then on to New York City . . . Distribs here again discussing the fact that jobbers are earning less than 15% gross . . . Many coinmen making bids on that ARA records bankruptcy sale . . . Wolf Rewitz, all dressed up in sports togs, hits town just as the snow stops in his Denver, Colo. hometown . . . Interesting story about the op who taped up the 5c chute on a Rock-Ola Super and, tho still giving 2 plays for 10c and 5 plays for 25c, found that his take increased by better than 40% at the end of the week. He's still continuing with the 5c chute taped tho it all happened by accident during the wartime period when something went wrong with the 5c chute . . . Spent a couple of really pleasant hours with Walter Tratsch of A.B.T. Mfg. Corp.. Walter looks fine. And he's planning new plans now that he's finished with reconversion. Also tells me that he's again been approached by the Navy to build more war equipment. Walter is really back in speed action and ABT is going to pop with some real surprises . . . Bumped into some real old timers over at Buckley Music System—H. E. (Smitty) Smith, Les Styvers and Gerry Haley—and all in the best of shape . . . Dropped over to say "Hello" to J. R. Bacon and Dave Lovitz at Jennings and found both men smiling and happy now that the strike is over and they are getting back into speedy action once again. Also saw O. D. Jennings and he was busy in the big experimental and engineering department of the firm going over some new products that are sure to click big with all coinmen . . . M. S. (Bill) Wolf of Los Angeles pops into town this past week for a quick visit with some of the mfrs here and claims that everything is going great on the West Coast.



THRU THE COIN CHUTE

EASTERN FLASHES

Joe Eisen, his son Buddy, Sid Mittleman and Phil Mason, Joe Eisen & Sons, returned from the Packard Manufacturing Co. distributors meet in French Lick, Ind., all pepped up over what they saw and heard. The company will have an announcement to make to music ops in a few weeks . . . Mike Munves returns from a four week vacation, his first in over 30 years, and complains the weather wasn't so hot the last two weeks . . . Nat Cohn and Earl Winters, Modern Music Sales Corp., hint that a new Max Glass amusement game will be on his showroom floor before long.

Jack Mitnick and Barney (Shugy) Sugerman, Runyon Sales Co., taking the baths at Hot Springs, Ark., send back word that they are really enjoying a rest—"and how we need it" they claim . . . Abe Green of Runyon back on the job . . . Hymie Rosenberg, H. Rosenberg Co., heading for Chicago to see the manufacturers . . . Bill Alberg, Brooklyn Amusement Machine Co., Brooklyn, N. Y., leaves for a vacation. Bill will stay in Miami, Fla. for a while, and then hopes to be able to make the West Coast before returning home. Meanwhile, Charlie Aronson will take over, hoping Bill doesn't stay away too long, as he would like to get to Miami himself sometime before the season ends.

Bud Parr, Solotone prexy, in town seeing his distributor, Teddy Blatt and Max Schiffman of Intimate Music, Inc. Something big promised very shortly . . . Harry Pearl, Seacoast Distributors, (Rock-Ola distributors) returns from a visit to California with plenty of new ideas. With Harry back on the job, is Dave Stern getting ready to grab a rest? . . . Dave Rosen, Philadelphia, spends the week in Chicago . . . So does Sam Stern of Scott-Crosse, Philadelphia . . . Another New Yorker away from his desk and in the Windy City was Herman Perin, Sales Manager of Firestone Enterprises, Brooklyn, N. Y.

Operators who have been in the business for some years will get a thrill out of George Ponser's and Irving Kaye's (Amusement Enterprises) "Whirl-A-Ball". It will bring back memories of the days of Howard Peo's "Whirlwind", which was the first sensational selling coin machine back in 1930 . . . The committee studying traffic here, recommended the city install parking meters . . . Dave Lowy, Dave Lowy & Co., making a great deal of progress as a distributor, and will soon be able to announce the acquisition of additional lines . . . Leo Knebel, Manhattan Phonograph Co., will soon have a series of classes conducted for Aireon servicemen . . . Mr. and Mrs. I. Alpert (Twin Ports Sales Co.) Duluth, Minn. in town seeing all the hard-to-get shows.

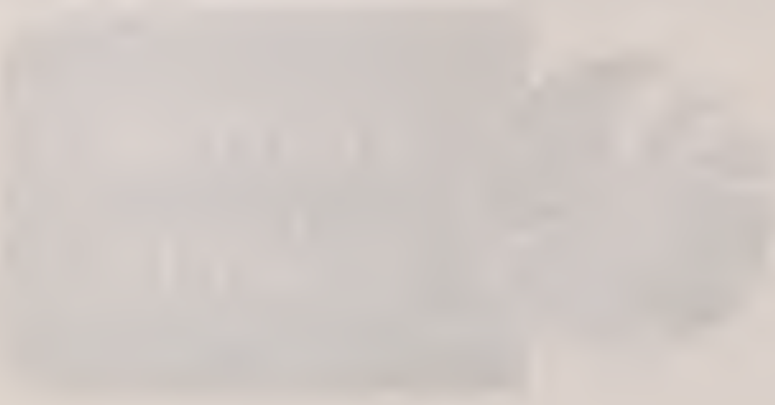
Current issue of Look magazine carrying an illustrated story on vending machines . . . Ben Palastrant, regional sales director for Aireon Manufacturing Corp., is in the "dog house" with his missus. "It's okay for a husband to travel around a bit" relates Ben "but evidently I've been overdoing it—or at least 'the little lady thinks so." Palastrant recently covered the entire upper part of New York State, jumped into Philadelphia, and Connecticut, then flew back to New York City. From the big city, Ben flew out to Chicago for a distributor meet, and then back to New York. Finally, he caught a plane for Boston. "To catch up on all those good things a family man enjoys", he sighed.

Jamaica, BWI, coinmen getting ready to import plenty of reconditioned and new machines . . . Did Harry Bank, head of Cosmo Records, elope down South this past week? . . . Operators report that collections have picked up slightly—due probably to the colder weather . . . Music operators demand for title strips with all records, making quite an impression on record manufacturers . . . Next move, they claim will be to see what can be done to get the record manufacturers to improve the quality of the disc. Operators claim an average of about 35 to 40 plays per record, whereas before the war a record was good for many hundreds.

George and Victor Trad, The Tradio Corp., claim their recent showing of their new coin operated television at the Hotel Dorset, attracted considerable favorable comment . . . Irv Orenstein, Seacoast Distributors, Newark, N. J. claims his offices and showrooms are still the nicest in the East and he claims he has the visiting coinmen to prove it . . . Lucky Skolnick getting ready to take the marriage vows . . . Speedway Products, phono renovating concern and exclusive national distributors for "Talking Gold" plastic grill cloth, signed a contract with the United Coin Machine Employees Union, Local 254, C.I.O.

The regulation of the Automatic Music Operators Assn., recently passed, in which every member must be bonded for $2,000. to guarantee full compliance with all the rules, was backed by the entire membership. It is understood that of the entire membership, only one operator refused to agree with the policy, and resigned. However, in the view of all, the association is now more powerful than ever.

Julius A. Levy, manager of the New York office of DuGrenier, Inc. left for a sales trip thruout his territory and should be on the road for quite a while.



THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

This past week has been unusual in town with the sunshine coming down in bucketfulls. This has been about the heaviest dew we have had hereabouts so early in the season for some years. It no doubt had its effect upon the buying ops who stayed home out of the rain, which of course has slowed things down this past week.

The Automatic Music Ops Assn. of Southern California held a very interesting meeting here this past week at the North Star Auditorium. The meeting was fairly well attended—however, the terrific downpour held the attendance down. The expected alliance with the teamsters union is in the making and may be under way this week. Jay Bullock, managing director of the association conducted the meeting and announced that the new headquarters of the association will be located at 1811 W. Pico Blvd. Bullock announced the appointment of Mollie Simon as secretary of the association.

Jack Gutshall is presently caught in the Wyoming snow storm while on his way home from the Packard meeting at French Lick, Indiana. Jack should have lots of hot dope on the new Packard phono to dish out when he returns. J. M. Harvey has been appointed as Sales Manager for Jack and we hear he is doing a bang up job.

George Ehrgott, sales manager in charge of the Mills Sales offices in town here is on his way to Tucson, Phoenix, Prescott and other points in Arizona calling on ops and telling them about the swell Mills line of equipment. Miss Jean Blair is in charge while George is away. Wendell (Red) Larson has been named shop foreman and is reputed to be tops when it comes to knowing about coin machines . . . Morris Liedeker of Corpus Christi Novelty Co., Corpus Christi, Texas is in town for a visit with his wife and daughter, Liedeker's daughter is enrolling at U.C.L.A.

Among the ops wading thru the flooded streets doing their shopping along coin row this past week were: E. H. Butler, Los Angeles; Milton Stiver, Los Angeles; Bernie Knott, Alhambra; Chris Torrez, Westmorland; Jud Levy, Los Angeles; K. B. Hoar, South Pasadena; J. M. Maichele, Lucerne Valley; H. C. Perrine, Oceanside; Jim Hastings, Norwalk; Durval Nowka, San Bernardino; L. M. Manweiler, Shafter; G. C. Oakley, Los Angeles; Orville Kindig, Long Beach; M. L. Christensen, Long Beach; Jack Brady, Los Angeles; Alex Koleopulos, Bakersfield; S. W. Ketchersid, San Bernardino; Lowell Ayers, Inglewood.

Bill Happel, Jr. of Badger Sales took off on a trip to San Diego and surrounding territory calling on coin ops in that area. Bill is keeping the boys up on the latest in deliveries of the new Keeney equipment and Rockola phonos. The boys are putting the finishing touches to the Badger building, Bill hopes to move into his new place within the next two or three weeks.

Paul Laymon is really hitting his stride in delivering the new Bally Triple Bell and Draw Bell Console. From what we hear the ops are going for these machines in a big way. Paul asks us to advise the ops to get their orders in early for early delivery. He is expecting a shipment of new Packard phonos and hideaways and soon too.

Len Micon of Pacific Coast Distributors has done something novel in the form of good will by calling on locations with some of the ops who have placed the new Evans Bangtails and Winterbook consoles on location. Len tells us that it was very interesting to hear the swell reactions of location owners to this new equipment which helps him in advising ops what location owners think about the new Evans consoles. Len expects a large shipment of the new Packard Hideaways this week.

Bill Wolf is in again and out again, this time off on a fast but important trip to Chicago. Bill is due back the first of the week. Al Silberman informs us that they expect a large shipment of new Bally games and consoles and are ready to supply all the operator needs in California, Oregon and Washington. Al tells about the order he just received from one op for fifty of the new A.M.I. phonos.

It is indeed a pleasure to report that at long last, the Fred Reilly building which will house the Gold Coast Coin Machine Exchange as well as the Associated Operators of Los Angeles County will be ready for occupancy about December 1st. The carpenters and builders are putting the finishing touches to the place. We understand that a terrific grand opening is planned by all occupants of the building which will feature lots and lots of refreshments and entertainment, so get set boys for a real blowout . . . Sol Gottlieb of D. Gottlieb and Co. of Chicago is in town and calling on distribs and jobbers and pointing with pride at the new offices which Elky Ray will occupy as Gottlieb factory representative in town.

Lunched with Ray Powers and Leonard Baskfield of E. T. Mape and learned of some terrific plans the firm has in the making. They will feature many hard to get parts and equipment including the new and improved Aireon phono which we understand is really going places.

Jay Bullock has recently taken over national distribution of a swell new coin operated radio and is going to town so we hear. Jay tells us that the demand is very, very great and with the plant going at full blast they plan on filling orders as rapidly as possible. Jay's associate tells us that he placed a small ad in the classified ad section of the "Cash Box" to sell several games and that he was deluged with telegrams, long distance calls and letters for several weeks after the games were sold. "That was terrific service" Jack Ley tells us.

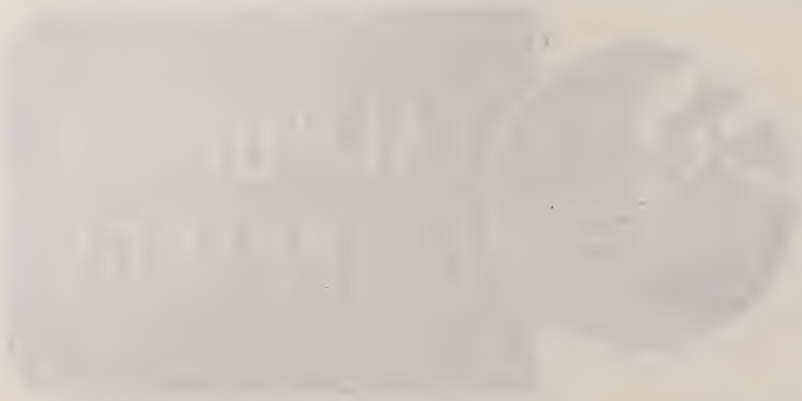
Nels Nelson has been under the weather the past few days but is up again and able to resume his duties. Nels has been taking a large number of orders on the Aireon phonos. He recently purchased a large number of good used phonos and has completely overhauled and refinished them and offers them to music ops at reasonable prices. Nels features a large stock of phono parts and service at low prices.

H. M. De Govia of Dee's service, locally distributing the new Wayne Volume Equalizer has been selling many of these very practical volume control equalizers, De Govia, himself a sound technician informs us that it is the phono operators answer to better automatic music performance . . . We hear that Len Kelly of K & M distributors is now located in Omaha in the firm's new offices while Fred Myers is down in Dallas, Texas looking after things down that way. One of the boys should be due back soon to see how things are going in their local office.

Leo Mesner of Aladdin Records, very happy over the showing being made by the swell recording of "Drifting Blues," featuring Johnny Moore's 3 Blazers . . . Leon Rene elated over the splendid reception being given by phono ops to the latest Exclusive recordings of "Drippers Boogie" by the famous Joe Liggins.

Some of the independent record firms are sitting tight awaiting further developments in the price increase of discs before recording any new numbers, while some are just sitting tight and waiting for the sheriff to come in and take over. For some of the platteries, the picture at this stage of the game is not too bright.

Merle Connell of Quality Pics has that woe begone look. The strikes of film processors has held up the release of several of their latest productions. We all hope the strike ends, and soon.



THRU THE COIN CHUTE

PITTSBURGH

Sam Strahl of American Coin-A-Matic, the smiling driver of "bandwagon optimistic" reports new equipment shipments are more frequent and in larger quantities . . . Jack Gutshall of Los Angeles was a visitor at Sam's and didn't leave until he had sewed up an agreement to handle Emerald Records out on the Pacific Coast . . . Herby Rosenthal over at Banner Specialty is also on the optimistic side of coinrow's bandwagon . . . Have an idea the cold snap which drives the coin machine players inside, accounts for it . . . J. D. Lazar of B. D. Lazar Co. reports equipment is coming in more regularly.

Johnny Peters at Pittsburgh Amusement Co. is on the ball digging up new games for his op friends . . . Joe Vinski, a busy Turtle Creek op, is taking all new equipment Johnny can lay his hands on. Joe, a veteran op, holds claim to being Turtle Creek Valley's largest and got that way by keeping out in front of his competitors.

Sam Horvitz, the man about Acme Novelty Co., swears Genco's new pin game "Setup" is going over big. Sam is a passenger on coin row's bandwagon optimistic, and has been for some time . . . Lou Popkins, of Pittsburgh Coin Machine Exchange, reports Joe Blonstein, a local op, is replacing his entire route with new equipment—Draw Bells, pin games and new music . . . George Rhodes, from Rhodes & Williams, ops from up Uniontown way, fine-tooth combed Popkins' display floor and warehouse for new machines, these two ops will bear watching—they are the district's fastest growing hustlers and are using straight from the shoulder business ideas and tactics to win location owners over to their point of view . . . Meyer Popkins returned from a three day territorial jaunt among the firm's op friends.

An old friend of coinrow, Lou Calig, had passed away via heart attack. Lou is missed by all who knew him in the coin biz. He was a veteran op and a natural at the biz. His effervescent friendliness is greatly missed by all who frequent coin row . . . Lou Popkins will give the Chicago manufacturers a play this week . . . Eddie Steele, who fronts for all happenings at Coin Machine Dist. Co., is another who has climbed aboard the bandwagon of optimism. Eddie says, "things are gettin' better all the time."

MINNEAPOLIS

Homecoming was celebrated with great enthusiasm last Saturday in the Twin Cities as the Minnesota Gophers beat Purdue in their homecoming game. Their first conference win this season. Hotels, night clubs, cafes and other nightery spots did a tremendous business last Saturday—way beyond their expectations . . . Ray Thraen of Tracy, Minnesota stopped off in Minneapolis for a couple of days just making the rounds . . . Sioux Falls, South Dakota was very well represented this week as Roy Foster, Norman Gefke and Keith Corbett, operators in that territory came into Minneapolis for a few days for some shopping . . . A. S. Buck of White Bear, Minnesota made his appearance in Minneapolis for his first visit in many months although White Bear is not too far away . . . Harry Harrison and his ace mechanic, Bill Lord, drove down to Minneapolis and had a little tough luck as their trailer broke down and they had to wobble in . . . Gabby Cluseau of Grand Rapids, Minnesota was also in town for a couple of days.

Oh yes, Charles Rusnak and his charming wife of Grand Rapids, Minnesota decided to leave their baby home this trip so that they could enjoy themselves and make a few night spots while in Minneapolis . . . Buzz Whisman of Hibbing, Minnesota flew in at the controls of one of his new planes and was expected to fly back the same day. Nothing to it when you know how to fly . . . Mayflower Distributing Company are a little upset. Reason, getting ready to move into their new building . . . Robert L. Cross of Fairmont, Minnesota in town for a couple of days.

Al Frettum, former owner of the Red Wing Novelty Company, in town forty pounds lighter and looking wonderful. He claims hard work and regular hours took that stomach down . . . Paul Schmidt, new owner of the Red Wing Novelty Company, also in town by coincidence, calling on distributors . . . Ed Marcoux of Red Lake Falls, Minnesota dropped into Minneapolis for a couple of days just as full of blustering pep as ever . . . It's reported that Mildred Birkemeyer of the Automatic Sales Company, Litchfield, Minnesota is feeling much better after being ill several days . . . Bob More's new record shop at Willmar, Minnesota is going over very nicely. It's a very nice shop for a small town . . . Leo Zalinko of the J & L Novelty Company, Lakefield, Minnesota is still in love and he is we hear it, still going steady with the same girl.

Vera Foster, record gal at Acme Novelty Company is back on the job again after an absence of about three years or more. We hear Vera has an interest in the record department

The firm of Swenson and Noack at Detroit Lakes, Minnesota certainly believes in vacations. Gus is on a two month vacation in North Dakota taking life easy and doing some hunting. Bill Noack has gone to California for about five or six weeks vacation. Not a bad idea if you can get away with it.

ST. LOUIS

Return of cold weather had a salubrious effect on juke box take this week—as everybody moved indoors. Cash boxes sang a merrier tune than any week this year, according to most ops.

Sour note of the month—over at Ideal Novelty Company, Carl Trippe patriotically accepted an ex-GI trainee as a shop mechanic. The vet went to work in the shop and was issued a box of tools to start training. Later the same day he was given $35 to pay some bills downtown, and sent on his way. Nobody has seen him since! Later investigation proved the man was an imposter . . . New phonographs this week went, as usual, to Andy McCall of McCall Novelty, A. E. Stepp & Son in Willow Springs, and to Ted Keys of Farmington, Ill. After the multiple deliveries of the past weeks, things have apparently quieted down.

Quite separate from Ideal's experience is the fact that Olive Novelty Company, J. S. Morris & Son Novelty and Lou Morris have signified willingness to take on Bill of Rights trainees. Plenty of room in the field, according to the veteran operators who head these St. Louis landmark companies . . . Art Paule of Ideal Sales is screaming his head off over the rapid turnover of secretaries he has experienced. Since little Florrine Smith left the salesboard office, Art has been working far into the night—while a parade of new girls has passed by . . . Another lucky phono owner is Jefferson Distributing Company at Festus, Mo.—spreading out over the southern St. Louis area. Jacksonville Novelty at Jacksonville, Illinois, also came in for a couple of new boxes.

Ops got a scare the morning of November 11 when Union Electric employes walked out on strike. Power went off all over the city, and electrically operated machines required a crew of mechanics to put them back in shape. Please pass the fuses, boys! The strike only lasted a couple of hours, however, as things were swiftly adjusted to everyone's satisfaction . . . Lee Turner, who bought out Ace Novelty Company recently, is losing a lot of sleep over location problems, but glad to get his teeth in a route big enough for his talents. Lee's machines range from one end of the city to the other.

All members of the Missouri Amusement Association have been writing four senators in support of the demand for a 7½ cent coin. All are agreed that 10c is too much, but that the 7½ coin would solve their difficulties. National magazines are giving the plight of the operator some attention . . . Dee De Lang, C. E. Vickers, Carl Trippe and other prominent St. Louis arcade ops will hie themselves to Chicago December 3 to attend the Arcade and Park convention at the Sherman. Sort of a preview of the CMA Show, eh? . . . Lots of painting and cleaning up is going on in distributing offices these days —with more merchandise in sight.

BOSTON

Frank Ward down from Fairlee, Vermont, reports that he sold out his pinball and music route lock, stock and barrel. Now that he has retired from the Ward Music Company, Frank plans a long auto trip about the country with the Missus . . . Barry's Amusements now has new quarters. Formerly cramped up a a small store in Winthrop, I. Barribaum, Barry's proprietor, states that he now has elbow room for his music, pins and arcade pieces. Barry's has long specialized in arcade pieces for bowling alleys on the belief that many alley patrons come just to look around and watch the proceedings.

Billy Wells at Apex reports that he has hired a new man, Frank Molway, to help his hard-working mechanics. Frank is just out of the Marine Corps and has spent most of the past few years in northern California. Another newcomer to coin machine circles is Rita Cavenaugh, secretary to Milton Hoff who is head of the Boston Coin Machine Company . . . rumor has it that Rita is due to take the altar trek soon but she denies it . . . Dave Bond spent the past week in Chicago making the rounds of the manufacturers including Jack Keeney, Dave Gottlieb, and Harry Williams. Latest word out of the Windy City is that demand for all types of new pin equipment is so brisk that manufacturers can't supply the demand. Dave, by the way, is the exclusive distributor of United Mfg. Company's new pin game, the Sea Breeze in all of New England except Connecticut.

Associated Amusement has changed business hours to 9-5:30 on weekdays and 9-12 on Saturdays. Ed Ravreby figured this would give the boys a chance for longer weekends and an opportunity to take in more local football games. On returning from the Hotel Show in New York City over the weekend, Ed reported that the Solotone music system had recently been installed in two new locations in Massachusetts, one in Vermont and one in New Hampshire . . . The bowling match between Trimount and Associated is on the agenda. One interested party suggested that Dave Bond and Ed Ravreby should be pin boys for their respective outfits as an extra added attracion. Trimount meanwhile is getting a weekly workout with Gil Lawrence still pacing the scorers.

ROCK-OLA

THE PHONOGRAPH OF TOMORROW

ROCK-OLA *Manufacturing Corporation*

800 N. KEDZIE AVE. CHICAGO 51

Bally's midget racer

NEW FAST 5-BALL NOVELTY HIT!

NOVELTY CONVERTIBLE REPLAY

Here's the fastest-playing, fastest-profit-producing 5-ball game you've seen in years. A fascinating skill-game . . . *yet ideal for competitive play* . . . MIDGET RACER will increase profits in your 5-ball spots. Play Bally's MIDGET RACER, feel the fun of the exciting 3-WAY *SCORE SYSTEM* . . . watch the midget-racer cars flash around the track on the big, brilliant back-box . . . note the extra fast, tantalizing, tricky action of the play-field. You'll want MIDGET RACER on all your locations as fast as you can get delivery.

NEW INNER-LOCK CASH-BOX

Cash-box may be locked with separate lock in addition to cabinet-door lock . . . or the inner-lock may be omitted, if not desired. The new inner-lock cash-box is one of many improved features built into MIDGET RACER.

TRIPLE BELL

TRIPLE PLAY! TRIPLE PROFIT!

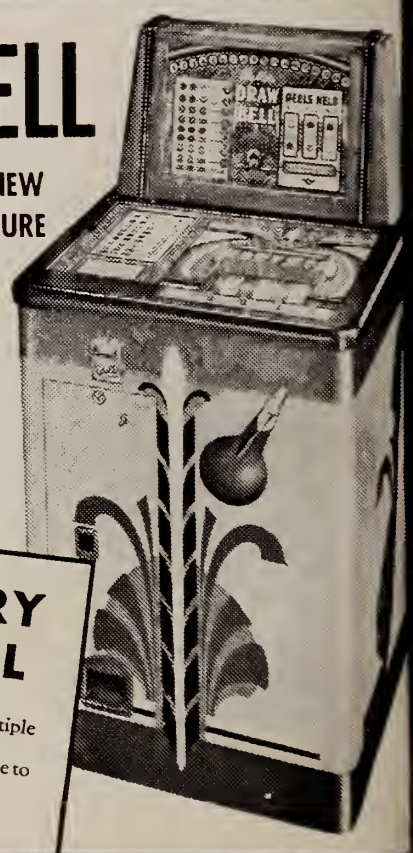
CONVERTIBLE
AUTOMATIC OR REPLAY

Triple Coin Chutes permit three players—or three coins—every spin. 1000 *Super Special Awards*, plus plenty of other big awards and single-cherry awards, insure continuous repeat play. Deluxe cabinet in rich wood-grain finish. Trouble-proof mechanism. Any coin-combination—Nickel, Dime, Quarter.

DRAW BELL

BELL CONSOLE WITH NEW HOLD-AND-DRAW FEATURE

Quickly convertible . . . replay or automatic . . . DRAW BELL is producing record-smashing profits for operators, thanks to the clever new second-spin idea. Order DRAW BELL now for early delivery. Specify Nickel or Quarter Play.



VICTORY DERBY

Packed with all the profit-proved features of Bally's famous pre-war automatic multiples . . . plus new play-provoking ideas that are pushing profits to a new all-time high!

VICTORY SPECIAL

Profit insurance in multiple replay territory. Convertible to one or five ball play.
